LETTER FROM THE EDITOR

“GOLF PLEASURE & TASTE” N 13 IS A SPECIAL ISSUE

In addition to exploring the cities of Geneva, Zurich, and Lucerne with their culinary pearls, this edition has a much more fashion & lifestyle cut.

In fact, the „Fashion For Ladies“ section explores Luxembourg Fashion week, where Fab Consulting Gmbh acts as official co-organizer together with F & D Agency and accompanied by the presence of the former Princess of Luxembourg Tessy Antony De Nassau @tessyfromluxembourg and her fashion brand Human Highness. The golfing destinations continue with Andermatt Swiss Alps, a tourist destination also in winter, and Ticino, to then reach the Italian border with lakes Maggiore and Orta and a fine selection of niche restaurants and hotels.

The “Dolcevita” & “Golf Lifestyle” sections contain a selection of food and wine addresses and the new golf trends for next season.

This year 2021 was a special year, with almost no summer season and for this reason, we wanted to give a lot of space to solar destinations such as the French Riviera & Malta.

The reportage „Malta & Gastronomy“ was created in collaboration with the Maltese Tourist Office “Visit Malta” with the aim of exploring the area and discovering the new Michelin trends of the islands of Malta, Gozo & Comino.

FACE MASK SKIN CARE STRATEGY

L.RAPHAEL Recommendations for Healthy, Clear & Radiant Skin

Using a face mask is critical to reduce the spread of the Covid-19 virus. Skin care routine adjustments are often necessary to prevent common issues that arise from mask wearing such as acne, congested pores, blackheads, dry skin and irritation. To keep skin in healthy condition, dermatologists recommend:

- cleansing thoroughly and regularly
- moisturizing immediately after cleansing to add a protective layer against dryness
- keeping make-up to a minimum and using non-comedogenic or oil-free cosmetics
- wearing face masks made of soft, natural material such as cotton
- washing face masks often with fragrance-free, hypoallergenic laundry detergent

"The key to keeping skin healthy and glowing when wearing a face mask is purification, hydration and nourishment," recommends L.RAPHAEL Founder, Ronit Raphael. The following are Ronit's personal recommendations to keep skin healthy and vibrant. Treat yourself and others to the gift of a healthy, glowing complexion with these L.RAPHAEL bestsellers that can be purchased online

Thanks to the ideal, prominent location and our Italian flair, we take our guests away from their everyday life for a few hours ...

The Ristorante Fiorentina offers a breathtaking panoramic view of the Rhine, especially from the window front and the terrace. Inside, too, the restaurant impresses thanks to its modern, elegant design, fresh herbs and olive trees.

In the center of Basel, between Blumenrain and Drei-König-Weglein, directly on the Rhine promenade on the Grossbasler side, you will find the "Vierter König" restaurant.

The traditional Basel restaurant was taken over in summer 2020, renovated and has found a new romantic charm. Thanks to the unique interior and timeless materials that were used during the renovation, you immediately feel at home with friends.

Elegant wooden floor, black brick look, oak tables and black bistro chairs are in harmony with the heavy industrial room dividers and the bar made of handcrafted individual pieces made of solid metal.

Our kitchen cannot be put into drawers - we are particularly proud of our "spare ribs" marinated in homemade barbecue honey, our fish dishes with fish from Lake Maggiore and the Alps, and our Parmesan risotto DOP, which is served at the table in a parmesan loaf.

Welcome to the «Vierter König» restaurant

Welcome to the Baslerhof - the popular country inn is in a wonderfully quiet location just a few kilometers from Riehen and the city of Basel - in the middle of idyllic Bettingen.

Romantic localities and beautiful panoramic terraces invite you to linger and enjoy, our kitchen team spoils you with market-fresh and seasonal delicacies and wine connoisseurs appreciate the variety of our good wines.

In our village pub you can enjoy traditional dishes, attractive lunch menus and an uncomplicated à la carte menu.

The Bettingerstube impresses with its simple elegance, well-groomed service and smart seasonal cuisine with dishes from the border triangle.

Our banquet hall is predestined for your very personal occasion. We organize private or business events with you in a closed setting. The hall can accommodate up to 70 or 100 people including a bar and lounge.

The Baslerhof garden, in summer the most beautiful garden in the region. Under the largest and oldest chestnut tree far and wide, we heat up our large grill every day and spoil you with fresh meat and fish specialties, baked potatoes and crispy salads.

We look forward to seeing you -

Pure joy of life.

Smeraldina natural mineral water is born in the mountains of northern Sardinia, in Gallura, a few kilometers from the enchanting and exclusive beauties of the Costa Smeralda. It is a real jewel of nature, which A.L.B S.p.A has kept and valued since 1985, the year in which the Smeraldina brand was registered and imprinted for the first time on one-liter carton packs. Today Smeraldina is known and appreciated around the world, and was also elected the best mineral water on the planet at the Berkeley Springs International Water Tasting Competition. The success of Smeraldina is certainly due to the extraordinary quality of the water, which is bottled directly at the source, but it is also thanks to an innovative managerial orientation, experience and the many values that the founder of ALB SpA, Giovanni Maria Solinas, has able to pass on to his children: passion for

work, deep respect for precious water and for the territory in which it is born, for consumers and collaborators. Since its origins, Smeraldina has paid great attention not only to the content, but also to the containers, and is appreciated and recognized around the world for its environmentally friendly, versatile and aesthetically unmistakable packaging. Furthermore, Smeraldina is among the very few mineral waters to serve returnable glass in restaurants. Glass is a tradition dear to the company, which has always been convinced that the quality of the future of all of us depends on the respect we have for the environment. For this reason, the green commitment will never stop growing in ALB. S.p.A. Because only from magical and uncontaminated nature can authentic goodness like Smeraldina water be born.

ZURICH

THE LIVING CIRCLE

The Living Circle - the hand-picked group of first-class hotels and restaurants in the uncompromisingly most beautiful locations, run by passionate hosts, consists of four hotels, three farms, a restaurant and a rustico. These are the Widder Hotel, the Storchen Zurich, the Alex Lake Zurich and the Castello del Sole in Ascona, the Schlattgut, the Terreni alla Maggia in Ascona and the Château de Raymond in Vermes, the Buech restaurant in Herrliberg and the Rustico del Sole in Ascona. Whether in the heart of Zurich, directly on the Limmat, embedded in the private park on Lake Maggiore or at a height with a breathtaking view: All members of The Living Circle have a strong relationship with nature and

offer their guests incomparable experiences. Rice, vegetables, fruits, of course wine and other noble plants - our own farms conjure up everything freshly garden directly on your table.

ARRIVE AND COME HOME

The Storchen is one of four very special houses that make up "The Living Circle". Located in the heart of Zurich, the hotel embodies the essence of the city and with each visit, the inspiring liveliness of this place opens up anew. For centuries people have come together in the stork. The restaurants and bars attract visitors and locals alike, and are of historic importance to the city. Whether on a business trip or simply for pleasure: we invite you to enjoy the hospitality of the stork in a relaxed way.

WHERE THE STORK IS LANDED

Long ago, a pair of rare black storks landed on the roof of the original hotel. A legend was born - and with it the name of the hotel. For centuries, the Storchen has been the epitome of warm hospitality and personal service in the heart of Zurich's historic Old Town. Let yourself be pampered and discover the city.

A BRIDGE BETWEEN HISTORY AND TRADE

The location of the stork at the narrowest point of the Limmat is of great historical and logistical significance. As a historical witness, the stork reflects the history and stories of the city of Zurich. The hotel marks the point where trade routes began and journeys began. Each window offers breathtaking views of centuries-old architecture, bringing the incomparable energy of the city to life again and again. Thanks to its central location on Weinplatz, you can find some of Zurich's most popular attractions in the immediate vicinity. In addition, a labyrinth of winding streets and hidden squares just waiting to be discovered.

STYLE HAS TRADITION HERE

The present stork was completed in 1939 and different architectural styles testify to various renovations. The recent redesign of the house combines modern aesthetics with traditional details - the result is an interior that is as comfortable as it is refined. Noble textures, fine fabrics and luxurious marble combine to form elegant rooms that invite you to cultivated relaxation. The historical heritage of the stork has been carefully preserved, so that it survives the time.

VIEW WITH ROOM

Surrounded by breathtaking views, luxurious details and modern amenities harmoniously come together. Each room offers unique views of the Limmat or the picturesque old town of Zurich. Amidst finely tuned colors, contemporary furniture and the finest materials, the Storchen offers a luxurious box seat for the multifaceted spectacle Zurich has to offer.

MODERN DESIGN IN MANY FACETTES

From spacious suites to family rooms: The accommodation options in the Storchen meet a wide variety of travel needs. Each stay at the Storchen is characterized by fascinating views, elegant decor and modern facilities. Detailed, hand painted nature motifs on the walls meet contemporary furniture and furnishings. This creates clear, modern spaces that are both luxurious and comfortable. The exquisite details combine with a pleasant palette of neutral hues and targeted accents to create a wonderfully relaxing retreat.

HOW ZÜRICH TASTES

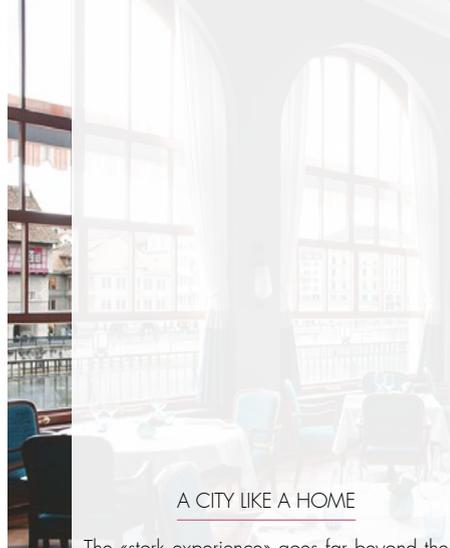

The Hotel Storchen has always been a meeting place. This hospitality is still to be felt today in its restaurants and bars and makes the enjoyment an experience.

In the restaurant La Rôtisserie, a spacious terrace overlooking the river and the Grossmünster provides a unique setting for moments of indulgence at any time of the day. The menu entices with innovatively interpreted classics, freshly prepared with local ingredients. Let yourself be spoiled by the exquisite "Sai" in front of a spectacular mountain background and tasting the personal creations of chef Stefan Jäckel, awarded 17 GaultMillau points and 1 Michelin star, and his team. The newest and most spectacular highlight in the Storchen is probably the rooftop roof terrace The Nest with a breathtaking view of the most beautiful city - Zurich. When the weather is nice, The Nest offers a Mediterranean-inspired enjoyment experience over the rooftops of Zurich. The Barchetta Bar on the ground floor attracts locals as well as guests from near and far - with freshly roasted coffee and light lunch menus during the day and expertly mixed cocktails in the evening.

Finish - or start - the evening in the Cigar Bar, where connoisseurs accompany fine cigars with a glass of rare rum or cognacs. A collection of guild coats of arms reveals here the connection of the hotel to the oldest fishermen and Schifferzunft of Switzerland, whose guild people gather here since 1939. The importance of the hotel as a historic meeting place is highlighted most clearly during the three-year-old Schifferstechens, organized in memory of a similar tournament from the Middle Ages together with the Limmat Club Zurich.

ROOMS THAT WANT TO BE CELEBRATED

Whether for a corporate event or a private party: the Hotel Storchen offers the right ambience for your event, from sumptuous banquets to business conferences: the stork's top-equipped halls can be adapted to any event. The largest of the four rooms is the Salon Littéraire (42 m²). With parquet flooring and an impressive stucco ceiling, it offers a stylish setting and is ideal for larger events. For small meetings and events we recommend the boardroom (35 m²), the Limmat room (36 m²) or the Werdmüller room (20 m²).

A CITY LIKE A HOME

The «stork experience» goes far beyond the walls of the hotel and captures the essence of Zurich in all its diversity. The Limmat is a picturesque backdrop for the hotel - the view sweeps over the river far into the distance. Enjoy cozy hours at the Barchetta Piazza and experience the unique Zurich lifestyle at close range

A UNIQUE CITY AWAITS YOU

Discover the famous art collections of Switzerland in the permanent exhibitions of the Kunsthaus and the Rietberg Museum. Experience unforgettable orchestral concerts in the Tonhalle Zurich. This small, fine hotel is a house full of personality - for people who love to surround themselves with the beautiful things in life. Style, art and classic modern characterize the ambience. Your city retreat with 5 stars, 14 suites, 35 guest rooms and 4 luxurious apartments is located in the middle of Zurich's old town, near the famous Bahnhofstrasse. The Widder Hotel is characterized by luxury, lifestyle and warmth - a home in Zurich.

HISTORY AND ARCHITECTURE

9 houses, 1 hotel and 700 years of history in the heart of the old town: through-

out history, the nine medieval townhouses have been home to nobles and guild masters, artisans and merchants. They not only built and inhabited the buildings, but also decorated and changed them. The Swiss star architect Tilla Theus had the solution for the preservation of the nine historic houses and the simultaneous transformation into a luxurious, modern hotel. With the connection of the houses through passages with chrome, steel and glass, the Widder Hotel was opened in 1995 after a ten-year renovation. In this way, the 700-year history of the houses in the heart of Zurich can live on and be written on by guests from all over the world.

LOCATION

Zurich is an extraordinary city - and in the Widder Hotel you are right in the middle. Nature fans are rewarded after a short walk with a view of the lake and a great panorama of the Alps. Those who love shopping will find the famous Bahnhofstrasse in the immediate vicinity, but also Zurich's old town with its elegant and original boutiques. Not to mention Zurich's atmospheric alleys along the Limmat, its charming river baths and the many pretty cafes that enchant every visitor. The Widder Hotel is surrounded by unique hotspots that make your stay in Zurich a unique experience.

ROOMS and SUITES

In the 35 rooms and 14 suites, no two accommodations are the same - here design meets the Middle Ages, from the design queen room, through the historic junior suites, to the penthouse suite with private rooftop terrace. The wooden ceiling beams, the antique tiled stove and delicate frescoes are supplemented with the latest technology and maximum comfort for an unforgettable guest experience.

For this reason, the many inclines make the place, despite its clarity, a physical and mentally challenging experience. 2004/05, the place was gently rebuilt and renewed all greens. The 9 hole course can be played in two passes. The deductions remain the same in both rounds. Slopes, stepped greens, bunkers and old, dense trees complicate the game. The course is not very long, but the greens are small and well defended. Precision is therefore more important than length.

PASSION FOR CARS

Benno and Susanne Krächenmann the company founders

You're a little more than a car salesman. As a family business already in the 1st and 2nd generation, the Krächenmann's have been running their Italian car garage with passion and joy for over 30 years. The whole team of almost exclusively long-term employees shares this passion with them.

Specialists with passion

Our powerful workshop team solves your problems with enthusiasm and instinct. Quality and economy have 1st priority.

By specializing in the brands Ferrari, Maserati, Alfa Romeo, Fiat and Abarth, we are a team with a lot of emotion for Italian products. Our primary goal is to do excellent quality work, which we can guarantee thanks to the latest diagnostic equipment and regular training of our specialists and diagnosticians.

Repairing and caring for young cars from the 70s and 80s of these same brands is also a great passion.

Our exciting offer

We carry almost the entire range of Italian vehicles. In our show rooms we will show you an exciting selection from the smart Fiat 500 to the sporty Alfa Romeo models to the exclusive Maserati or the fiery sports cars from Ferrari.

This enables us to deliver the right vehicle to our customers for every budget. We are convinced that you can develop the same passion for a Fiat 500 as for a Maserati or Ferrari sports car.

A permanent exhibition of at least 50 well-maintained used vehicles with an annual guarantee are also one of the attractions of our company. What is not in it, but according to the Krächenmann's corporate philosophy, is a natural privilege of the customer: Even after the purchase, you will be looked after in the same partnership as a new car buyer.

Whether new, used or historic, Italian cars are always fascinating and passionate. We all associate sensations with the car: the Italians are creative, innovative, courageous and progressive - they know how to arouse emotions, because the heart always chooses with the head.

ALEX LAKE ZÜRICH

HISTORY OF THALWIL

Thalwil is a residential area. It is very popular because of its location and quality of life. First mentioned in 915, its history goes back to Roman times. In the Middle Ages, most of the income was generated by agriculture, viticulture, hunting and fishing. Thalwil also has the oldest wood cooperative in Canton Zurich and was known for its fabric dyeing factories in the last century. Today the economy consists mainly of small and medium-sized businesses and a wide range of shops. Thalwil has left most of its past behind and is now a commuter town with excellent public transport connections, low taxes and a good quality of life.

HISTORY BUILDING

The history of the location goes back to the year 1589. At that time, the Thalwil Shooting Club had built a shooting range and the Schützenhaus inn on the lakeside. After the shooting range was abolished, the name of the house changed to Krone. The Krone was demolished in 1952 and the Hotel Alexander was opened in 1958. Alex Lake Zurich was built on the foundation walls of the Hotel Alexander and underwent a complete renovation and an extension with additional 22 guest rooms. Had the foundations of the Hotel Alexander been demolished, it would not have been accepted to build so close to the water, which makes the Alex Lake Zurich so unique. One has the feeling of being on board a ship or boat.

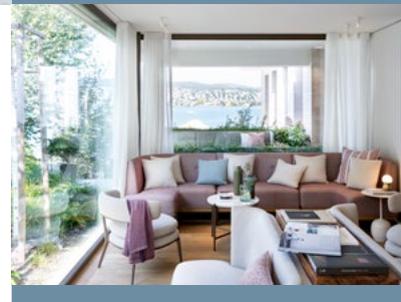

ZURICH REGION

In summer, Zurich is transformed into a large water park. Everyone spends their time on the water or at the lake. Swimming, wakeboarding, rowing and stand-up paddling (SUP) are popular summer sports that can be organized directly from the hotel's own pier. And the local rowing club right next door invites long-term guests to their regular courses and training sessions. Zurich is a popular destination all year round for planning various excursions to the surrounding mountains.

HOTEL

From the Old Town via Storchensteg to Thalwil: Alex Lake Zurich, located directly on the shores of Lake Zurich, is the newest member of "The Living Circle". The five-star hotel was opened in the summer of 2019 and is distinguished by its fantastic location directly on the lake and its modern, luxurious interior. With the five-star city hotels Widder and Storchen as well as the restaurant Buech and the Schlattgut farm in Herrliberg, a City & Lake Resort is being created where guests can enjoy both the vibrant city life with art and culture and the relaxed life in the countryside and on the lake.

The 43 elegant studios and penthouses with their own kitchens are also ideal for longer stays due to the generous living experience. The hotel spa with sauna, steam bath and vitality pool as well as selected massages and

treatments creates space for relaxation and recreation. Thanks to the Alex Lake Zürich own jetty and the Storchen Zürich on the Limmat, guests can commute comfortably between the locations by shuttle service on the hotel boat, opening up a whole new range of services.

RESTAURANT ALEX

The Alex restaurant is the heart of the hotel and combines in an uncomplicated yet elegant way Tino Staub's aromatic cuisine with an urban flair. A new hotspot in Thalwil that

invites you to linger and enjoy: whether for breakfast, a casual lunch or a lifestyle dinner.

THE LIVING CIRCLE

The Living Circle – The handpicked group of first-class hotels and restaurants in the most uncompromisingly beautiful locations, run by passionate hosts. It consists of three hotels, three farms, a restaurant and a rustico. These are the Widder Hotel, the Storchen Zurich and the Castello del Sole in Ascona, the Schlattgut, the Terreni alla Maggia in Ascona and the Château de Raymondpiere in Vermes, the Restaurant Buech in Herrliberg and the Rustico del Sole in Ascona. Whether in the heart of Zurich, directly on the Limmat, embedded in the private park on Lake Maggiore or in the heights with a breath-taking view: All members of The Living Circle have a strong connection to nature and offer their guests incomparable experiences. Rice, vegetables, fruits, of course wine and other noble plants - everything conjures up our own farms fresh from the garden directly on your table.

HAMMAM
Already over one hundred years ago, our ancestors washed off the everyday dust in the Volkshaus. Today, the Turkish Hammam nourishes the soul in the city bath at the same time. Herbal steam baths and healing chalk wraps not only cleanse the pores deep, they also warm the mind - as well as the relaxation on the navel and the oriental refreshments in the relaxation room afterwards. Our insider tip are the original soap foam massages.

STADTBAD ZÜRICH

Being there, enveloped by comforting warmth. There, where soft lights glow and exotic smells float. Where oriental hospitality of Swiss quality shakes hands. To be there, where the distance is in the home and the home in the distance.

SAUNA

Turks, Russians and Native Americans have known for hundreds of years about the beneficial effects of the sweating ritual. A special treat is the additional massage with birch branches before jumping into the ice cold pool - for detoxification and natural stimulation of the circulation.

SPA-TREATMENTS

Whether deep relaxation, beauty or health: the Hammam & Spa combines selected spa traditions. Classic and oriental massages relax and increase wellbeing. Ayurvedic treatments ensure detoxification and cleansing, thalasso therapies revitalize and tone up with the healing powers of the sea. And for a particularly radiant conclusion, offer our various beauty treatments.

LAS HERMANAS PIÑATA

Who are Las Hermanas Piñata?

We are two sisters from Zug, who are passionate about creating piñatas - 100% homemade, 100% unique!

We learned the traditional South American craft from our Peruvian mother and have always used it to make gifts for friends. This year we started making piñatas on order and have been overwhelmed by the positive feedback.

Why piñatas?

Whether it's a birthday, baby shower, bachelor/ette party, engagement, wedding or a special surprise:

A piñata is not only decorative, but also great fun for big and small - an absolute highlight for every celebration!

Which piñatas are possible?

Our piñatas are unique pieces, we make them according to your ideas. The possibilities are therefore almost endless. Animals and mythical creatures are particularly popular, but also objects matching the party theme, for example a pirate chest or a Pokéball.

You only have a rough idea? No problem, we'll be happy to send you suggestions.

You know exactly what you want? Then send us a photo or a sketch and we'll make your dream piñata!

We offer creations for all kind of events. A piñata is perfect for example for a birthday (can be filled with sweets or toys) wedding (guest can insert their wishes) or a gender reveal (filled with blue/pink confetti).

We welcome any request, but reserve the right to refuse orders that do not meet our moral code or style.

All piñatas come without filling but with reinforced strings to hang it up. We do offer matching batons upon request.

How long does it take to make a piñata?

Our piñatas are completely handcrafted and homemade. We create the shapes specifically according to the customer's request. Therefore, we require a lead time of at least 20 days. We charge an express surcharge for orders less than 20 days. Unfortunately, we cannot accept orders less than 10 days in advance.

D'ELIA

1790

In a remote time, in a very remote place such as Japan in the eighteenth century, then literally a „world apart“ unknown to the West, deeply linked to a secular culture, the D'family ventured from Torre del Greco to that Japan. Elia to start a commercial (and human) story that still today feeds on a passion for seafood.

In other words, the D'Elia's chose to go directly to the source, to select where products of fabulous quality, rarity and preciousness were born. And in the city of Kobe the D'Elia family takes home, opens its offices, becoming a pioneer in the marketing of pearls, corals, shells from Japan to Europe, India, the United States to be considered the largest company in the sector with 600 workers and employees.

The D'Elia's elect Japan as their second homeland and the Japanese did not

King Solomon

take long to reciprocate: starting with the legendary Kokichi Mikimoto (the initiator of pearl cultivation) in a cordial collaboration that contributed to the economic development of pearls, up to the Japanese government which recognized the Torrese family as a true friend of the Rising Sun for their help in reviving the sector brought to its knees by the devastation of the Second World War.

And today, as then, courage, genius, inventiveness, the spirit of confrontation are the virtues of „Casa D'Elia“. „And never so much professionalism contributed in such determined reasons to the success of a lifetime dedicated to the success of a lifetime dedicated to the gems of the sea.“ - remembers Alfonso Vitiello, continuer of a legendary

dynasty. Who, observing tomorrow, is convinced that „the future belongs to companies that have a story to tell“.

COLORIMETRY - MORPHOLOGY AND STYLE - MAKE-UP
HAIR - PERSONAL SHOPPING

Fashion lover since always.
Already at the age of 8, I started to personalize my own outfits.
My big dream, to become a stylist ... and yet ...
After a long career as a bank employee, I realized that I have no passion for that profession.
It was in 2016 that I made a big change. I realized that I need professional passion to flourish, so I decided to turn the page of the book of my life and start a new challenge... this is how I embarked on the creation of the F&D Fashion Academy and F&D Agency as co-founder with Daniel Kasindi.
In 2019 we organized the first Luxembourg Fashion Week.
The 2020 was the year of the second Luxembourg Fashion Week and it was a real success. That is the job that fascinates me, co-directing a fashion school and organizing events in this very closed environment.

My work as Image Advisor and Communication Coach:

2018: It's at the "IDS IMAGE" school in Geneva, where I followed a "Coach & Communication" and "Image Advisor" training.

2020: Two years later, I decided to make a professional career out of it and to embark on this profession which has always fascinated me.

My goal is to help people regain their self-esteem.

And my greatest wish is to help women during hard times. And how? By making them beautiful.

Stay beautiful at all times...

When a woman has cancer their image is often affected.

Far from being inevitable, there are different methods to continue to shine and feel beautiful.

I am available to help these women to come to terms with their image.

Helping them regain femininity and confidence, and give them a breath of fresh air. When you feel more beautiful, you feel better about yourself.

My next goal is to become a fashion designer and create my own collection.

Dreamatorium

My father, master luthier, passed on to me artistic freedom since I was a child. He taught me the art of carving and sculpture on wood, which I did for the musical instruments he builds. Growing up I became passionate about art, deepening studies and techniques. I have always worked in the most varied artistic fields, expressing myself through sculpture, graffiti, painting, drawing and finally tattoos. I started tattooing a bit for fun. Having a

passion for tattoos I was curious to learn the art of tattooing. After a couple of years of apprenticeship in Amsterdam (Holland) I decided to return to Italy to continue my studies and work as a tattoo artist in the capital. My approach to tattooing has always been similar to the artistic one I learned at the academy of fine arts. Soon I began to tattoo freehand, without the use of stencils and today I hardly need any photographic reference to create and compose a tattoo on

the skin. I applied all the foundations of my artistic culture to develop a unique style, I also prepare sculptures that help me better understand the volumes and contrasts of the subjects I tattoo.

One of my greatest satisfactions was the creation of my tattoo studio, the Dreamatorium in 2021.

The Dreamatorium is a studio with a unique concept inspired by the American concept of work and living space where the artist lives and creates in a single environment that represents him. Here I have combined the four artistic disciplines that I practice,

tattooing, painting, drawing and sculpture. Dreamatorium means „dreamer“, the place where ideas are transformed into concrete art.

Many people say that you need to have talent to turn a passion into your work, unfortunately this is not the case. Talent is nothing more than the result of years of study, determination and perseverance.

An aerial photograph of a mountain town, Andermatt, Switzerland, during the winter. The town is nestled in a valley, surrounded by steep, snow-covered mountains. The buildings are mostly multi-story structures with snow-laden roofs. The sky is a mix of soft blues and oranges, suggesting a sunset or sunrise. The overall atmosphere is serene and picturesque.

ANDERMATT

FOUR WORDS DESCRIBE THE SOUL OF THE VILLAGE:
LUXURIOUS, NATURAL, MAGICAL AND MYSTICAL.

To get an idea of what it means by „mystic“, you can start by watching the video series „Mystic Mountains“ on the official website www.anderstatt-swissalps.ch. Stories of enchanted mountains, of people who live there, love them, and have chosen the sustainability and harmony between innovation and tradition as pillars of urban development.

Andermatt, the pearl of the Orsera Valley at 1447 meters above sea level,

has won its bet with the future without losing its ancient soul of alpine village. It has developed into a year-round destination in recent months, with the opening of the new conference hotel Radisson Blu Reussen, with residences, its public indoor pool, its wellness and fitness area.

Then there are 8 apartment buildings and the Piazza Gottardo which is the new commercial heart of Andermatt, with its shops and restaurants.

Summer is upon us and there are great expectations.

The 3-times award-winning 18-holes “best Golf Course of Switzerland”, with its spectacular mountain surroundings, allows you to play golf in a Scottish atmosphere and has quickly become one of the most sought after in all of Switzerland.

Andermatt has reached important milestones, but there is still a lot to do and more to come: the concert hall will be inaugurated on June 16th with a great concert of the Berliner Philharmonie. There are plans to start building the third hotel, a family structure soon. At least 30 other apartment houses are also designed to be built soon. Of course, the opening last December of the ski connection Andermatt and Sedrun was another milestone that allowed the promoters to experience one of the best seasons ever.

With the two Gütisch-Express (Andermatt-Gütisch) and Schneehüenerstock-Express (Oberalp-pass-Schneehüenerstock) cable cars, the operators open a new hiking and biking paradise with restaurants on both sides. In addition, another gondola from Sedrun to Cuolm is ready to widen the hiking field towards Disentis.

Andermatt is a little paradise in the Alps: investment opportunities are safe here, the quality of the construction is excellent and there are activities and options for all kinds of guests.

Gilbert de Montsalvat

MORE THAN JUST A CIGAR, GET TO KNOW GILBERT

Raymondo Bernasconi runs the House of Smoke in Basel / Switzerland, a cigar specialist shop with an attached cigar lounge. He imports numerous cigar brands as well as BOVEDA and XIKAR exclusively into Switzerland. Since 2008 he has launched his own cigar brand: Gilbert de Montsalvat.

How did you come to create your own brand?

It all started in 2000. We imported a few brands and were very successful. Unfortunately, it was usually the case that as soon as the soil was tilled and the harvest could have been brought in, a big player in the industry bought the brand and we lost sales as a result. Then the desire arose to do something of my own - Gilbert de Montsalvat!

Have you developed the blends?

Most go to one or more producers and test their way through the samples. Decide on a blend and then do the banderole, box - marketing.

We built all blends from scratch with the professionals. The maximum I specify is the cover sheet, i.e. the color or the tobacco seeds. Then I define the blend; mild, medium or strong. Which aromas should come into their own when smoking, from roasted aromas, coffee, chocolate, sweetness, etc.

For the first blend, it took us a full two years to get the product ready for the market! Through what we have learned, we have continuously developed and usually need another 6-12 months for a new blend.

Who makes the different cigars and where?

We work with a medium-sized factory of around 40 scooters in Esteli / Nicaragua and in Tamboril / Dominican Republic.

Do you have a favorite format?

That is very mood dependent. I mostly smoke medium-sized formats the size of a Gran Robusto, around 54 ring gauge and 140 mm in length. In between, I really like a salamone.

Are you still planning new formats / blends?

We currently have the problem that due to COVID, productions cannot keep up with demand. For this reason, we will remove part of the portfolio from the market and simply add two new formats to the Classic series by adapting the range.

We have experienced wonderful organic growth on the Classic, the Revolution Style and, in advance, on the Anniversary line in recent years. We want to increase this further and not lose focus with constantly new blends and innovations. In order to be able to guarantee consistently good quality, in my opinion it is also very important to take care of what is already there, to maintain or even improve the quality standards.

Is the brand only available in Switzerland or is it also available abroad?

Gilbert de Montsalvat is already available in some countries such as Germany, Austria, Great Britain, the Czech Republic, Hungary and Japan. We have just received an order from Malaysia and Cambodia.

How is the distribution going in retail?

That is different. You have to adapt from country to country. We have a local importer for each. With this we plan introductions, events and trade fairs as well as promotional tours. Gilbert de

Montsalvat is a classic boutique brand and is sold exclusively through specialist retailers.

Is delivery capability ensured or are there bottlenecks?

Unfortunately, we were not spared, although we got away with it with a dark blue eye. Nicaragua was very difficult at the beginning, but then overcame the adversities relatively quickly. On our part, we have increased production volumes and shipped the goods to Europe. Fortunately, years ago I set up my own European warehouse in Weil am Rhein. I wanted to temporarily store my goods 6-12 months after production. Usually the cigars are still too fresh after production and we wanted the cigars to be 100% ready for the market when they arrived at the dealer. When the

COVID measures were introduced in March of last year, we still had around 6 months. At the end of March it was already sold out and we were temporarily out of stocks. I think that you only felt this sporadically in the trade, as the various importers also have stocks and thus the situation was somewhat cushioned.

How do you compensate for the currently missing tastings?

In my opinion, such tastings cannot be compensated for. Whether via video conference or other makeshift, emotions play an important role in our industry and they can never be conveyed as they are in real life.

Does social media play a major role in marketing?

Now you've caught me on the wrong foot! For me, social media is a book with seven seals. FB banned me about 18 months ago for reasons I didn't mention. Since then I have lived quite well without it. I am aware that social media in the USA and probably in other countries as well, but also for other products, can have a large or even very large influence. When it comes to cigars, I'm there, but not so sure about the markets in which I am active with my brand. This is more likely to be the case

for cigars of the New World than for Cuban cigars. The reason for this is that the consumers in these two provenances differ greatly in age. As a final answer, I have to admit - I don't know.

VITICOLTORI DAL 1827

2,300 BOTTLES
AND
50 MAGNUM
LIMITED EDITION

My family's great challenge and adventure has been to create this wine. Our rare grape-variety Piede Franco survived Phylloxera, keeping its aromatic scent, as well as its rich and unique taste. Pregliasco offers an intense and sophisticated character that only grows over time, an elegant taste that is a poetic reminder of ancestors who led this historic winery. We produce Pregliasco from exclusively selected harvest, with only 2,300 bottles and 50 magnum available after three years of aging.

The Cozzo Mario winery stands on the gentle hills of the Langhe near Dogliani, a land of great wines for time immemorial. The historic heart of the estate remains Cascina La-sagna, a farmhouse dating back to the XVIII century, but with the addition in recent years of the nearby Cascina Braidà, the estate vineyards now stretch out over around 16 hectares where red, white and rose wines are produced from excellent grapes such as Dolcetto, Barbera, Nebbiolo and Arneis. Since the foundation of vineyard in 1827, the Cozzo Mario family have been producing wines with a traditional, yet innovative spirit and with a great respect for the sustainable environment. We hope to bring you the taste that have been developed passionately over the six generations.

AND MUCH MORE

SUSTAINABLE AGRICULTURE IN TUSCANY

„A family history“

The history of the farm dates back to 1700 when the noble Florentine Peruzzi family built it. In 1800 it passed to the Strozzi Sacratì marquises of Mantua and finally, in 1978, to the current owners the Lottero brothers, Genoese who have always been lovers of Tuscany, who undertook a complete renovation, allowing the relaunch of production.

Since then, the farm has preserved the best traditions of a farm dedicated to the cultivation and organic production of wine and oil by combining artisanal production methods with the most modern techniques.

The farm, located on the top of the Montefiesole hill at 450 meters above sea level, just 18 km from Florence, is a typical family-run business, immersed in the enchanting succession of gentle hills full of olive groves and vineyards, located between the towns of Sieci and Pontassieve.

“Quality, our primary goal”

The vineyard plots are located at an altitude between 400 and 450 meters above sea level, with a south, south-east exposure and are mostly made up of modern plants with a density ranging between 3400 and 6800 vines per hectare. The vineyards are all organically grown and the methods of training chosen are the guyot and the spurred cordon.

All cultivation operations are carried out with the aim of creating a high quality product that expresses the characteristics of its territory with personality.

“A unique oil is born from our olive groves”

On the farm, the olive trees delimit rows of vineyards and wheat fields, in a completely random design: alternating different crops is, in fact, a natural method to stop the spread of any parasites.

The oil is obtained from olive groves located on medium-textured soil: 44 hectares for about 9000 native variety plants such as frantoio, leccino, moraiolo and pendolino. Even today the “brucatura” (harvesting) is done by hand in order to ensure a perfectly healthy fruit in the ripening phase.

HOTEL-CLUBHOUSE CASTELCONTURBIA

Our establishment is set in the splendid surroundings of golf club Castelconturbia, a few km away from lake maggiore and lake d'Orta and only 20 min from Milano Malpensa airport. It offers 6 single and 13 double rooms, elegantly furnished with all comforts and free wi-fi in all the club house areas. En-

joy our rich and full breakfast, in the summer served on the terrace overlooking the greens. Our restaurant's menu lists an interesting variety of traditional regional Italian specialities and international dishes with a choice of the best local wines. A 20% discount is offered to our clients on 10 neighboring golf courses.

The Golf Club Castelconturbia was founded in 1898 in Piedmont and was one of only 2 existing golf courses in Italy. The famous American architect Robert Trent Jones senior designed and built the modern 27 - hole (3x9). In perfect harmony between old trees, streams, lakes and hilly terrain this is in his opinion his most successful work. The three paths lead to the terrace of the clubhouse, a fantastic place to relax and enjoy with a wonderful view of Monte Rosa. Newly opened in 1987, this golf club hosted the Italian Golf Open 1991 and 1998 twice.

ITALIAN WOOD PUTTERS

100% ARTISAN MADE
ONLY THE BEST WOODS
COMPLETELY CUSTOMIZABLE
HANDMADE IN ITALY

HARDWOOD PUTTERS was born in Italy from the idea of joining the world of golf with design carpentry. Specifically, the intention is to create a range of putters that are not only functional and in line with the specific R & A and USGA, but also small objects of art. The materials used are of the highest quality and the very special weight distribution, combined with a deliberately vintage design, guarantee the customer to have in his hands a unique and extremely effective product on the green. Wood, in Hardwood Putters, is therefore not only synonymous with nature, history and return to the past, but also and above all of effectiveness.

WHY CHOOSE HARDWOOD PUTTERS:

- **Innovative technology**
- The wood provides a **softer impact** on the ball and greater control of the trajectory.
- **The greater lightness** of the wood compared to the metal allows a greater freedom in the distribution of weight, and to act in such a significant way on the overall balancing of the head. All this allows to increase the hot spot from a few millimeters of a normal putter to over

2 cm wide, forgiving in part the error.

- **A tailored suit**

It is not the customer who has to adapt but, on the contrary, it will be the customer to choose all the features he wants his putters. A custom-made suit, therefore, from the type of shaft, to the weight, to the woods used, to the inlays, etc.

- **Each putter is a unique piece**

Great care for every detail and request give the opportunity to have in your hands a unique and exclusive product.

- **It is completely handmade in Italy**

Our philosophy is to give the customer the best, and do it without compromise. The product is therefore made entirely by hand in every phase, without the aid of numerical control machines. An artisanal product in the true sense of the term.

- **An unmatched look**

The solid wood used comes from all over the world and gives the putter a unique appearance and an inimitable color.

In 1956 the Circolo Golf Torino moved from „La Maddalena” to „La Mandria”. The hilly site, albeit with nine holes located within a pleasant framework, has been for some time close to the members. Giovanni Nasi, former President, his wife Marinella and the Council have long since found the land on which to move. The architect John Morrison builds the new eighteen holes and the entrepreneur Attilio Biral erects the first club-house. The new Circle is beautiful, full of trees, vegetation and water. There are no houses and everything is based on golf. However, there are some objective difficulties of management, created by the limited number of members. It will be the Piemonte Sport, in 1977, thanks to Sergio Pininfarina to solve the problem and to permanently allow the Club to grow. The birth of Piemonte Sport allows you to find yourself with a considerable financial availability that in a first time will serve to fill the field and to better manage the workforce and then subsequently lead to the purchase of the land.

G.C.Biella – Le Betulle, founded in 1958, has in the golf course, framed in a landscape of rare beauty, its strongest point. Over many years G.C. The course, designed by British architect John Morrison, is a typical example, rarely found in this country, of "English style" layout, very "environment-friendly". Silver birches, chestnut trees and centuries old oaks frame the eighteen holes with colourful backdrops that change with each season. Practice facilities are available, consisting of two practice putting greens, a practice hole complete with bunkers, chipping and pitching greens and a driving range with grass tees and sheltered practice boxes.

Inside the Club House, the simple but refined furnishing and wooden flooring pierced by spiked shoes give a feeling of warmth. The Lodge, aesthetically delightful, offers very comfortable rooms with old style furnishing, perfectly in sintony with the Club House.

Reportage: Malta & Gastronomy

in collaboration with

Malta
Gozo & Comino

Whether you're wanting a city break alone, with friends or a romantic trip with your partner, Valletta – the capital of Malta – has something to offer. Due to its Mediterranean location, whatever time of the year you visit, the sun is likely to be beating down on you as you sightsee; Valletta was recently revealed to be the sunniest city in Europe.

The grid of narrow streets boasts some of Europe's finest artworks, churches, palaces, grandmaster auberges, piazzas and museums. The warm Mediterranean city is busy by day, yet retains

a timeless atmosphere by night through the stunning architecture that surrounds you. Narrow side streets are full of tiny quaint shops and cafés, while Valletta's main streets are lined with larger international branded shops for fashion, music, jewellery.

There are lots of beautiful boutique hotels within the city that cater for all price ranges, and a couple of bigger hotels on the outskirts of the city. Malta is so small, nowhere is more than 30 minutes from Valletta by car.

MALTA

A COSMOPOLITAN ISLAND WITH LOTS OF HISTORY AND A RICH CULTURE TO OFFER

Whether you're a history buff, a night owl, an adrenaline junkie, or simply a rambler wishing to be bowled over by natural splendour, the list of things to do in Malta is endless.

Whatever you're looking for in a holiday, with so much to see and do, a trip to the Maltese Islands is an unmissable experience for any type of traveller.

CULTURE

With over 7,000 years of history, Malta is the ultimate holiday destination for any history buff! Home to some of the oldest free-standing temples in the World, the Islands have also played host to the Phoenicians, the Romans, the Knights of St. John, Napoleon and the British Empire. A jaunt to its phenomenal fortifications, and

an open-mouthed-gape at its truly awe-inspiring architecture is a must. No trip to Malta is complete without going on a journey through time, from the prehistoric times to modern day.

With so many rich and colourful traditions which have withstood the test

of time, the amount of pride the Maltese have for their culture is highly understandable. With elaborate fireworks displays, rowdy village festas, and outstanding hospitality, not to mention the mind-blowingly delicious food, the sheer magnetism of Maltese culture is apparent everywhere you go, making it almost impossible not to be drawn in.

Out on the razzle?

Festivals, theatre, clubs, bars, and more. No two nights are the same in Malta!

With an infinite choice of bars, clubs, casinos, theatres, and restaurants, Malta's vast and varied night-life caters to even the choosiest of night owls!

You can choose to sip a classy cocktail in one of Valletta's swanky wine and cocktail bars or perhaps indulging your inner party-animal at St Julian's collection of nightclubs is more up your street. Maybe lady luck is on your side as you take on a casino. Whatever you fancy, a night on the town is not to be missed!

GASTRONOMY

The Maltese people are very proud, and rightly so, of their local cuisine. This goes hand-in-hand with the abundance of produce which is grown, reared, or caught around the Maltese Islands.

Maltese cuisine is eclectic and encompasses a variety of influences from previous eras. Surprisingly, most of the traditional Maltese dishes are strongly influenced by Provençal cuisine, rather than Italian cuisine. Most of the traditional dishes are cooked in wine, a signature of Provençal cooking and reflects the influence of the Knights of St John on the Maltese Islands. Italian

cuisine is the more widely spread offer in restaurants. Perhaps two of the most iconic dishes from the Maltese Islands are two of the humbler dishes. The first being the traditional pastizzi, which are flaky filo-style pastry filled traditionally with either sweet ricotta or mashed peas. New flavours have been appearing on the market, such as anchovy, as well as sweet pastizzi filled with Nutella.

Being home to an abundance of outstanding produce, a sea brimming with delicious seafood, and recipes

dating back centuries, food and drink are the very essence of Maltese Culture. Hence, it's hardly surprising that the Islands have some of the most spectacular cuisine in the World. Whatever type of dining experience you're craving, be it a quick snack, a culinary extravaganza at a Michelin-starred restaurant, or a hearty dig into some awesome local cuisine, there's always something to sink your teeth into in Malta.

Whether you feel like a quick bite or are in the mood for an exquisite 7-course tasting menu, or anything in-between, the Maltese Islands got you covered! Offering amazing indoor venues, as well as fantastic outdoor ones, Malta's dining options have got you covered! You should also look out for those restaurants in Malta that have received the Quality Assured Restaurant Award, which is overseen by the Malta Tourism Authority, which gives recognition to high-quality standards in service, hospitality, food, and ambiance.

Fancy a glass of Maltese Wine?

Whether it is a full-bodied red, a crisp white, or a ravishing rosé, tantalise your tastebuds, in Malta's wineries and vineyards! Rich soil, light sea breeze and 300 days of sun make for the perfect wine-making combo. Visit one of the many local wineries and vineyards to go on your own wine journey.

GUIDE MICHELIN MALTA 2021:

WITH BAHIA AND ION TWO NEW STARS
IN THE MICHELIN SKY

- Two new stars - Malta for the first time with five Michelin-starred gourmet restaurants
- Three Bib Gourmand ratings
- Five new discoveries: Michelin plates for restaurants across the country

Malta's typical culinary art is still on a highs: at the beginning of April the second edition of the renowned restaurant guide Guide Michelin for Malta was published. Two other restaurants on the local gastronomy scene were awarded the coveted star: the fine-dining restaurant **Bahia** in the winding streets of Lija and the rooftop restaurant **ION** - The Harbor of the luxurious Hotel Iniala Harbor House in the capital Valletta. Both restaurants can now adorn themselves with the coveted award. With the two new additions, Malta will now have five restaurants with Michelin stars in 2021. What they all have in common is a passion for genuine Maltese cuisine. This is currently experiencing a renaissance and is making the Mediterranean archipelago a destination for gourmets and travelers who like to explore the country through the palate.

Restaurants continue to receive Michelin stars: De Mondion, Noni and Under Grain

In addition to the Bahia and ION, the three excellent restaurants from the previous year were honored with a Michelin star again this year: De Mondion under the culinary direction of Kevin Bonello in Mdina, Noni with Chef de Cuisine Jonathan "Noni" Brincat and the Fine -Dining-Restaurant Under Grain under Executive Chef Victor Borg, were again honored for the outstanding quality and creativity.

Bib Gourmand three times: good value for money

In addition, the Michelin Guide awards three Bib Gourmand awards to Malta: With this title, the restaurant guide honors catering establishments that do not have a star, but deserve an award for carefully prepared dishes at a particularly good price-performance ratio. This year, Terrone in Birgu, Commando in Mellieha and Rubino in Valletta were honored again.

Two new stars in Malta

Bahia with Executive Chef Tyrone Mizzi is a charming bistro in Lija, a small village around ten kilometers west of the capital Valletta. It borrows its name from the typical regional navel orange Bahia, of which the region is particularly proud of its cultivation. Chef Tyrone Mizzi likes to experiment with the high-quality regional ingredients that the country offers him depending on the season. The well thought-out dishes will come along and surprise with complementary combinations and wonderful

depth of taste.

ION - The Harbor was awarded a Michelin star within just six months of opening. The rooftop restaurant with terrace not only offers a great panoramic view of the Grand Harbor below the capital, but above all refined Mediterranean-inspired cuisine on a classic basis with modern accents. Executive Chef Andrew Borg has put together a menu that showcases the best seasonal produce from local farmers and fishermen.

Five Michelin plates for new eateries

across the country

Five restaurants were added to the Michelin Guide in 2021 with the Michelin plate rating. The plate symbol identifies restaurants in which „fresh ingredients, skilfully prepared;“ simply a good meal “. Gwendal Poullennec, International Director of Guides Michelin, said: “The past year has been a huge challenge for the hotel industry

around the world and our hearts go out to those who face difficulties in these difficult times. Our inspectors had to adjust like the restaurants themselves, but we were delighted that they were able to spend time in the islands and find two new Michelin stars and five new Michelin plates to add to the guide. ”

These five restaurants, which have been

awarded a Michelin plate, are spread across the main island of Malta: **The Fork and Cork** in Rabat, the **Zest** in St Julian's, **Mezzodi** in Valletta and the **Chophouse** and **Fernandō Gastrotheque** restaurants, both in Sliema.

The second edition of Michelin Guide Malta

Getting a Michelin star is considered to be one of the highest achievements a restaurant can get. The new Michelin Guide Malta once again highlights the island's outstanding restaurants, the variety of cooking styles and the rich culinary heritage of the island trio around Malta, Gozo and Comino.

GOZO & COMINO

A PERFECT PLACE TO RECHARGE IN
CONTACT WITH NATURE

Malta's sister island, Gozo, is definitely worth a visit, either as a stand-alone destination or else for a few days trip, using one of the ferry-boats connecting the islands. Gozo is more sparsely populated and yet offers a myriad of attractions for the young and young at heart, and provides visitors and locals alike an experience of a more rural way of life.

Visitors can experience old traditions such as the milking of goats and sheep and watch as this milk is prepared into traditional Gozitan cheese. Ranging from 5-star hotels to hostels, Gozo

also affords the self-catering visitor with a large selection of traditional farm-houses. Gozo does not lack in visitor experiences – with the world's oldest free-standing temples of Ggantija, a UNESCO world heritage site. This majestic site, situated in lush countryside, is made up of two massive temples.

In the vicinity of Ggantija, one can also find the Ta' Kola Windmill, which gives visitors an insight into how Gozitans from yesteryear used to grind their wheat in order to make bread and other baked goods. The recently restored ancient town of Cittadella, located on top

private charter boats to day trip specials leaving mostly from Sliema, Malta. The seas around Comino are wonderful, with the famed Blue Lagoon and the Crystal Lagoon being the top attractions. The fantastic sea visibility has also led to Comino being one of the top diving destinations, with all sites being boat dives. A 17th Century watchtower is the highest landmark on the island, aptly named the Santa Marija Tower. This tower was built by the Knights of St. John and was used as a prison by the Knights! This watchtower was constructed in the 16th Century. When the Ottoman Turks attacked the Maltese Islands, they first completely wiped out all the inhabitants on Gozo and Comino. Therefore, this tower added a level of security. After visiting the tower, one may meander towards the Isolation hospital, which as per its name, was used in the 19th and 20th Centuries to isolate any person who was diagnosed with the plague or cholera. This hospital was always used to

of one of Gozo's famed three hills, stands high and proud, dominating skylines around the island. Adjacent to Gozo's Capital, Victoria, Cittadella is made up of a maze of quaint streets, weaving in and around the bastions surrounding the town and the Cathedral! However, Gozo is not only for history buffs – it also provides some fantastic gastronomy options, with Michelin plate restaurants, as well as some of the best examples of traditional local cuisine. Many of which either grow their own produce or are related to someone that does.

Located between Malta and Gozo, one can find the charming Island of Comino. Just a short 10-minute boat ride from Gozo and home to only one family! Other services to Comino abound from

house German prisoners during World War I. Comino is mostly uninhabited, with just one permanent residence, and a few campers throughout the year. This adds to the exotic and adventurous feel of this island.
