LETTER FROM THE EDITOR

“GOLF PLEASURE & TASTE” N 21

Spring/Summer 2026 promises to be a very productive and exciting season for the Golf Pleasure & Taste team and clientele, with three major golf tournaments planned, as well as a series of fun activities such as Ladies Groups and the „From Zero to Hero“ beginner program.

Since last year, we've been proud of our active collaboration with Dr. Chiara Cantone, whose clear and simple „less is more golf“ teaching method is key, and we're slowly shaping a new generation of golf amateurs.

This edition focuses on winter activities at My Wintertime Ag, a private wine club where we organize our „5 Senses Pleasure Event“

every six months; and on possible winter and summer trips to our most popular Italian, French, and Spanish destinations.

We're focusing in particular on Marbella & Malaga, where we're developing recreational and golf activities for winter 2027.

Follow us on social media to stay up-to-date on our physical activities, as well as read our publications, both in print and online.

Stay tuned!

MY WINETIME - PROFESSIONAL WINE STORAGE AND SAFES FOR HOME CONSUMPTION

my winetime AG is located in Zurich's trendy Seefeld district. A members club "B2C and B2B" on 710 m2 for wine and cigar lovers. Here you can store your personal wines and cigars under ideal conditions and in a stylish atmosphere and keep them ready for your own consumption.

SEEFELD ZURICH BECOMES THE MECCA
OF THE INTERNATIONAL WINE SCENE
"ZURICH HAS DEVELOPED INTO AN INTERNATIONAL
WINE METROPOLIS"

Excessively high or strongly fluctuating storage temperatures, low humidity and odor emissions can severely affect the wine. It is difficult for professional wine lovers to meet these requirements. The exclusive members' club where the Zurich wine scene meets to serve their "own" wines under the very best conditions to their circle of friends, business partners and interested parties. A dream location for wine fans.

work on breeding sturgeon combined with a decade of intensive preparation. The brand was established in 2014, based on the vast knowledge of the employees and a close cooperation with scientists. With patience and focus on every detail has been created a product appreciated by gourmets around the world. **The company is already the first in Europe and the second producer of sturgeon caviar in the world.**

A whole group of enthusiasts has been constantly working for the brand's success. The team includes: fishermen, ichthyologists, food technologists, biologists, scientists and specialists in many other fields. It is their joint effort, attention and care for the smallest details that translate into the exceptional quality of our product. The commitment of the employees, their love for fish and caviar, and their attachment to the structures of the farm are the pillars of our company.

Antonius Caviar is one of the few companies in the world obtaining roe only from fish from their own farms. Thanks to this, they have an impact on the constant quality of the product from the very beginning. Also, as one of the few, they have as many as three farms with different water parameters. This allows their fish to "migrate" between different ecosystems, which mimics their migrations in natural conditions.

The company is faithful to traditional methods and produce only fresh, unpasteurized caviar, from unvulvated sturgeon eggs. Exceptional attention to the smallest details and an individual approach to each portion of roe make caviar production not only a traditional craft, but above all a true art. **Tasting Antonius Caviar makes it possible to experience this art.**

Antonius Caviar is a family company with many years of breeding traditions. Their passion for fish began decades ago and it was started by Antoni takomiak, and the name Antonius Caviar comes from his name. This way the company's employees wished to pay tribute to his contribution to the development of the company. His children followed in their father's footsteps, working out the best practices of the world's aquaculture.

Antonius Caviar forms a close-knit community with an ethos of hard work, sincere concern for the welfare of fish and a deep respect for nature. Antonius Caviar is the result of many years of

BETWEEN HEROIC HILLS AND EXQUISITE PEARLS: THE VALUE OF VALDOBBIADENE'S SMALL WINERIES

My name is Simone, and I come from the Colli Euganei in the province of Padua. Even as a child, I spent my summers helping my grandparents in the fields, developing a deep connection to nature, Italian cuisine, and good wine.

Over the years, I've come to know a unique region: Valdobbiadene. An exceptional landscape, which, together with the hills of Conegliano, was declared a **UNESCO World Heritage Site** in 2019. This important recognition also brings with it a responsibility: to preserve

this fragile balance through respect and care.

In 2019, I founded Biberio with a clear goal: to bring not just Prosecco to Switzerland, but an exclusive selection of wines from the best small wineries in Valdobbiadene.

The wine culture in these hills has roots that stretch back centuries. It's a knowledge passed down from **generation to generation**—not just the techniques, but also the sensitivity and dedication. Here,

people and landscape have mutually shaped each other: The winemakers have cultivated the vineyards following the natural contours of the hills, often on steep and rugged terrain, thus creating what is known as a «**heroic winemaking culture.**»

One challenge: Each hectare of steep-slope vineyard requires approximately 600 hours of labor per year, compared to about 150 on the plains. These figures speak volumes more than any words can convey the human and artisanal value contained in every bottle.

Biberio embodies precisely this world: small, carefully selected wineries with limited production, fewer than 50,000 bottles per year, **family-run businesses** where passion has been passed down for generations. These are companies that directly monitor every stage of the value chain, from grape to bottle, without compromise. In these hills, mechanization is almost impossible. **Work is done entirely by hand.** The result is a refined, distinctive product that tells a story with every sip.

Soon, it will also be possible to taste an absolute rarity: **certified organic Valdobbiadene DOCG**, produced without pesticides, herbicides, or synthetic fertilizers. The vineyards, surrounded by forest, benefit from a natural ecosystem that helps preserve their purity and authenticity.

In a market increasingly focused on large quantities, choosing these **small-scale productions** means rediscovering the value of **time, craftsmanship, and passion.**

Because true luxury today is choosing the very best.

Strategic Business Intelligence

THE STRATEGY BEHIND THE SUCCESS

- How did it all start?

Ada & Conny (AC): «AC Strategic Business didn't just start with a business plan. It started with a shared trial by fire. Conny and I met during a project that became our greatest challenge. Working under a leader whose values and respect for professional integrity simply weren't there. In that season of struggle, something beautiful happened: We found each other's integrity.»

- What are your plans for the future?

AC: «We are moving toward a future of 'Intelligent Growth'. We don't want to be a giant, faceless agency. We want to remain a 'human-scale' partner for visionaries. While we are expanding into immersive storytelling, from cinematic video to bespoke events, our focus remains on the 'soul of the story'.

- Which is the niche of the market do you aim for? And your target group?

AC: «We dance in the space where excellence meets authenticity. Our niche is the 'Craft' sector. From high-end hospitality to artisanal manufactures. We founded AC because we kept meeting incredible people who were so busy pouring their souls into their product that their online presence got 'stuck'

in the past. They have the craft, but they aren't being found by the right people.»

- How do you see yourself in 10 years?

AC: «I see us as mentors, guiding the next generation of creative strategists who crave a more conscious approach to business. We imagine hosting retreats where visionaries can reconnect with their purpose. But the ultimate success for us lies in giving back.»

- Women support women, what do you think about that...?

AC: «There is a specific kind of healing that happens when we lead with empathy and our natural power to multitask and care for the whole.

Ada: For me, this carries a deep personal meaning. My mother was a very successful businesswoman, with an incredible international reputation, but I lost her to cancer when she was only 55. Her life was a masterclass in resilience. She is the silent partner in everything I do.»

SOUND THAT CREATES SPACE

The story of the Vytrum Virtuoso doesn't begin in a laboratory, but in the light of a furnace. A glassblower raises the pipe to his lips, a drop of molten quartz spins, glows, breathes, and slowly takes on the form that will later carry music. It is not yet a product. It is a promise. An object that aspires to be more than a loudspeaker: a sculpture that transforms sound into space.

Vytrum is a young company with an ancient soul. Based in Zurich, where Swiss precision, craftsmanship, and understated luxury have always converged, the brand pursues a clear vision: to give music the setting it deserves. Not as background noise, not as a peripheral «feature,» but as a staged moment, curated by people who collect spaces like others collect paintings.

A LOUDSPEAKER LIKE AN EDITION

The Virtuoso is the antithesis of mass production. Its body: mouth-blown glass, every line a conscious choice, every curve the result of skilled hands. Light, almost weightless in space, yet possessing a quiet presence akin to a rare sculpture. The color scheme is minimalist, clean, and guided not by trends, but by architecture and interior design.

Choosing a Virtuoso means choosing not just sound, but an edition: limited production runs, carefully curated variations, traditional craftsmanship, and aesthetics. The speaker doesn't simply blend into a room; it redefines it. In a lobby committed to silence as much as hospitality. In a penthouse where furniture wasn't bought, but discovered. In a suite where every object tells a story.

THE ART OF LISTENING, REIMAGINED

Vytrum combines the traditional craftsmanship of glassblowing with a very contemporary approach: less, but better. In a world where loudspeakers have become smaller, louder, and more interchangeable, the brand consciously takes a different direction. Every virtuoso is a statement of longevity, in its materials, aesthetics, and relationships.

Learn more at www.vytrum.com

Perhaps that's precisely what makes the virtuoso so special: It brings back the art of listening. It reminds us that a song can be a space. That a space can be an instrument. And that true luxury begins where sound, light, form, and time merge quietly but irrevocably.

WHERE TECHNOLOGY BECOMES INVISIBLE

Inside the Virtuoso, precise Swiss audio technology is at work—yet it remains unseen. Dual coaxial speakers, a finely tuned amplifier, and minimalist interfaces: Bluetooth, DAB+ radio, and Aux, all discreetly integrated. The technology recedes into the background, allowing the sound to take center stage.

The first note is a surprise. A quiet bass line, clearly anchored in the room, a voice that feels as if it's standing on the other side of a glass. No exaggerated spectacle, but that rare blend of intimacy and depth more commonly found in carefully crafted vinyl pressings. The virtuoso doesn't seek to impress, he seeks to touch.

COLLECTORS OF MOMENTS

The people for whom Vytrum builds collect moments, not things. They know the difference between a beautifully furnished room and a curated space. For them, the Virtuoso is not a device, but a partner: in the private office, the members' club, the gallery, where music is not just played, but staged.

Owning a Virtuoso is not just a «user.» It's someone who understands sound as part of their identity. The glass sound sculpture stands on a high-quality aluminum base, reflecting daylight, evening atmosphere, candlelight. Even in standby mode, it remains present—a silent object that speaks to the fact that someone lives here who values the «how,» not just the «what.»

I CATCH THE SUNLIGHT

Swiss metal artist Greta Rohner catches the sunlight with her works, for example the «Luisa_sunrise». She doesn't paint her subjects but rather «hones» them using her own method of grinding a brass plate, with a hand-held sanding machine.

SUN IN YOUR ROOM

Are you looking for something truly special for your home or business? Discover the captivating allure of Greta Rohner's sun art. These sunny works are meticulously handcrafted, requiring considerable time and effort. They illuminate every room with their moving and mesmerizing 3D effect.

Luminous and timeless. Created with love and from the heart.

PURE JOY FOR YOU AND YOUR ROOM!

In addition to unique wall decorations and pictures that enhance the ambiance of living and business spaces, as well as hotel lobbies, suites, and lounges, Gretadesign® also creates exclusive, custom-made surfaces for furniture, kitchens, and bathrooms.

ABOUT THE ARTIST

Greta Margreth Rohner is a little over 50 years old, and was born and raised in Davos. She is the mother of an adult son, and lives and works in Oberriet in the Rhine Valley, Switzerland. Her sunny artworks are called «Luisa», and the name is a tribute to her grandmother. Greta signs each piece with Greta & Luisa, and although each of her artworks naturally has its own name, the overall design is called *Messingdesign Luisa* (Luisa Brass Design).

Her love for expressing the beauty, harmony, and vibrant colors of nature defines her art; That is why she began creating artworks with acrylics on canvas when she was in her 30s. Within a short time, she was able to decorate spaces for companies and private individuals with her acrylic works and share her experience and knowledge in painting courses.

UNIQUE JEWELLERY. Unique like you!

In addition to fine wall art Gretadesign® also creates expressive neck and ear jewellery. Each piece is unique and lovingly handcrafted - a charming piece of jewellery for the lady who loves something special.

The Dolder Golf Club Zurich was founded in 1907 and it is one of the oldest golf clubs in Switzerland. The private 9-hole course is located in the area of the city of Zurich and is idyllically embedded in the forest of the Adlisberg. Guests are welcome. Tee times are to be agreed through the secretariat. The course is located on the southern slope of the Adlisberg.

For this reason, the many inclines make the place, despite its clarity, a physically and mentally challenging experience. 2004/05, the place was gently rebuilt and renewed all greens. The 9 hole course can be played in two passes. The deductions remain the same in both rounds. Slopes, stepped greens, bunkers and old, dense trees complicate the game. The course is not very long, but the greens are small and well defended. Precision is therefore more important than length.

ERGOCAD R1 – THE NEW FAIRWAY RIDING EXPERIENCE

With a new, unique geometry, the user experiences a new ergonomic riding experience.

The ErgoCad R1's concept is to make direction changes and uphill rides ultra-easy.

The ErgoCad R1 is foldable and doesn't need to be disassembled, making it the smallest e-trolley that doesn't need to be disassembled when packed in its carrying case.

BE CREATIVE – THINK DIFFERENT

The ErgoCad R1 breaks new ground in terms of design and application.

The innovative design with two drive wheels at the front and a pivoting rear wheel not only allows the ErgoCad R1 to change direction with minimal effort, but is also proven to be much more stable off-road.

It can't tip backward when going uphill, and its stability when driving at an incline is impressive thanks to the new geometry.

FINEST MATERIALS

- The frame of the ErgoCad R1 is made of full-grain carbon.
- The handle is made of locally sourced walnut and sealed.
- All folding systems are CNC-machined from aluminum and anodized.
- For a long service life, the screws and fasteners are made of stainless steel. This provides the best protection against corrosion.
- The bag holder supports are hand-sewn from genuine cowhide.
- The wheels, made of glass-fiber reinforced plastic, form the basis for the solid rubber tires.

ABOUT E-PULSIVE

E-Pulsive Health Club Küssnacht represents a new generation of health and wellness, where performance, recovery, and longevity come together in a refined, private setting. Born in London and now established on the shores of Lake Zurich, E-Pulsive brings an international, forward-thinking approach to personal wellbeing, tailored to a discerning clientele who value both results and experience.

At its core, E-Pulsive is built on the belief that health is the ultimate luxury. Rather than

focusing on traditional fitness alone, the club integrates advanced technologies and scientifically backed treatments to optimise the body and mind in the most efficient way possible.

The concept is designed for individuals with demanding lifestyles, those who want to look, feel, and perform at their best, without wasting time. One of the key pillars of the E-Pulsive experience is EMS (Electrical Muscle Stimulation) personal training. This highly effective method allows clients to engage up to 90% of their muscle fibres in a single 20-minute session, delivering the equivalent

of a much longer conventional workout. Guided by expert personal trainers, EMS training is tailored to each individual's goals, whether that is strength building, toning, rehabilitation, or overall performance enhancement.

Recovery and regeneration are equally central to the concept. The club offers whole-body cryotherapy at temperatures as low as -110°C, a treatment known to support muscle recovery, reduce inflammation, and boost energy levels. In addition, the infrared PBM (photobiomodulation) sauna uses light therapy to promote cellular regeneration, improve circulation, and support overall wellbeing at a deeper, physiological level.

E-Pulsive Küssnacht also provides IV therapy, delivering essential vitamins and nutrients directly into the bloodstream for maximum absorption and immediate effect. Complementing these treatments is a curated selection of face and body therapies, designed to enhance both aesthetic appearance and skin health, completing a holistic approach to modern wellness.

What sets E-Pulsive apart is not only the range of services but the way they are delivered. The environment is intentionally private, elegant, and discreet, creating a space where clients can focus entirely on themselves. Every visit is personalised, ensuring that each treatment plan aligns with individual needs, goals, and lifestyle. With its roots in one of the world's most competitive wellness markets and its expansion into Zurich, E-Pulsive Health Club Küssnacht stands at the forefront of a global shift towards smarter, more efficient health optimisation. It is more than a fitness studio, it is a destination for those who understand that true performance begins with taking care of the body at the highest level.

PURE STROKE – WHERE GOLF MEETS COMMUNITY

Golf is a sport built on tradition, precision and passion. But the way people experience the game is beginning to evolve. At Pure Stroke Golf Lounge in Zurich, Switzerland, golf is brought indoors in a modern environment where technology, community and creativity come together.

Founded by Nicolas (27) and Dylan (24), Pure Stroke was created with a simple idea: to build a space where golfers can train, compete and socialize while sharing their passion for the game year-round.

A WINTER HOME FOR GOLFERS

In Switzerland, golf is heavily influenced by the seasons. While summer offers beautiful courses across the country, winter often limits playing opportunities.

Pure Stroke fills that seasonal gap. From October to April, the indoor lounge becomes a hub where golfers can continue to practice,

play and stay connected to the sport during the colder months.

Members benefit from 24/7 access all year round, allowing them to play whenever it fits their schedule — even during the off-season when the lounge is otherwise closed to non-members. During peak season, the lounge also welcomes non-members during selected hours, giving newcomers the chance to experience indoor golf in a relaxed and welcoming setting.

PRECISION & TECHNOLOGY

At the heart of the lounge is high-end simulator technology designed to replicate the game with exceptional accuracy.

Pure Stroke uses the Foresight Falcon launch monitor, an advanced overhead tracking system that captures detailed data about every shot, from club movement to ball flight.

For experienced players, this data provides valuable insights for improving performance. For others, it simply creates an immersive and enjoyable way to experience the game with friends.

MORE THAN JUST TRAINING

While performance and improvement are important aspects of the lounge, Pure Stroke was never intended to be just a practice facility.

From the beginning, Nicolas and Dylan envisioned a modern golf lounge — a place where people come together around the sport, whether to train, play a round with friends or simply enjoy the atmosphere.

The lounge regularly hosts tournaments, community gatherings and themed events that bring golfers together in a relaxed setting.

One example is the annual “Art Meets Golf” event, where sport and creativity intersect in a unique environment that reflects the lounge’s open and innovative spirit.

GOLF FOR DIFFERENT GENERATIONS

Indoor golf offers a welcoming entry point for newcomers who might otherwise feel intimidated by traditional courses. At the same time, many experienced golfers use the lounge to stay sharp during winter and refine their game.

This balance is part of what makes Pure Stroke unique. The community includes both long-time golfers and first-time players, bringing together different generations and skill levels around a shared passion for the sport.

EVENTS, COMMUNITY AND EXPERIENCE

Beyond everyday play, the lounge also serves as a venue for private and corporate events. Companies host team evenings, friends organize tournaments or birthday celebrations, and guests can tailor their experience with coaching sessions, catering or special event concepts.

These gatherings reflect what Pure Stroke is meant to be: a place where golf is not only played, but shared.

A VISION STILL GROWING

Now entering its second year, Pure Stroke Golf Lounge continues to evolve. For its founders, building something new within the traditional golf industry is both a challenge and an opportunity. Their vision is clear — to create a space where the beauty and precision of golf meet community, innovation and new experiences.

Because in the end, golf has always been about more than the game itself.

It is about the people who share it.

Hoizart – Natural masterpieces for stylish living spaces

Welcome to Hoizart, where Swiss craftsmanship meets natural aesthetics. In our factory, we create exclusive and unique pieces made from premium, sustainably sourced Swiss wood for individuals with a sense of the exceptional. Our collection combines the timeless beauty of local woods, such as apple, pine, plum, oak, or walnut, with modern design. This creates objects that go far beyond their function: they become characterful companions for style-conscious living spaces.

Our handcrafted spice mills are particularly popular, not only with passionate amateur chefs. Each piece is a tactile experience, a unique piece with character that adds elegance to your kitchen and a touch of Swiss authenticity to every culinary moment. They're ideal for rounding off the day after a round of golf.

Sustainability is our credo. Every step of the process follows the principle of responsibility: for the environment, for craftsmanship, and for future generations. We work exclusively with wood from certified sustainable forestry and produce with great sensitivity and respect for the environment.

I am Franz Dallmeier, founder and creative mind of Hoizart. With passion and precision, I shape the soul of trees for those who appreciate authenticity, design, and quality. Rediscover the connection between nature and aesthetics. With a Hoizart piece, you'll not only bring a unique object into your home but also a symbol of style, sustainability, and conscious living.

ONTOO

The ONTOO Icons — A Community in the Making

Zurich, Switzerland — ONTOO Jewellery hosted an intimate evening to celebrate The ONTOO Icons, a look back at the brand's bestsellers as a way to move forward with a stronger, more connected community.

Set in the warm, creative atmosphere of Buba Studio, an art space in the heart of Zurich, the event brought together

a new generation of personalities — from influencers and content creators to photographers and stylists — marking a natural evolution for the brand.

At the heart of the evening was the jewellery itself. Four of ONTOO's signature collections — Infinity, Iconic, Clover, and Flower — were showcased, offering guests the opportunity to discover and try on the pieces in a relaxed, tactile setting.

The evening was intentionally simple: an aperitivo, open conversations, and a moment to connect. A short presentation by founder and designer Martina Baeriswyl-Holzach offered insight into the story behind Ontoo's iconic designs and her vision for what's ahead.

More than a retrospective, The ONTOO Icons was a starting point — an opportunity to bring people together, exchange ideas, and build a community around the brand that feels both authentic and forward-looking.

The Wild Life Millions Difference: Authenticity Over Trends

In a world increasingly saturated with 'eco-friendly' claims and fleeting marketing trends, it's easy to feel lost. Many brands jump on the sustainability bandwagon, engaging in what's known as 'greenwashing' – making superficial claims about environmental responsibility without genuine commitment. At Wild Life Millions, we stand apart. Our identity is not built on the latest marketing fads or the seductive allure of appearing 'green.' Instead, our core values are deeply rooted in something far more substantial: advanced research and technology, the highest quality natural ingredients, and an unwavering dedication to excellent customer service.

The Power of Advanced Research and Technology

We believe that true innovation comes from a profound understanding of nature, amplified by cutting-edge scientific exploration. Our collections are from manufacturers in South Korea, Japan and the USA who are

committed to advanced research and technology, spending millions in ethical testing of the products before bringing them to the market. They heavily invest in scientific studies, collaborating with leading experts in fields ranging from botany and biochemistry to environmental science. This rigorous approach allows them to:

- Identify potent natural compounds with proven efficacy.
- Develop extraction and formulation techniques that preserve the integrity and potency of our ingredients.
- Ensure that our products are not only effective but also safe and sustainable throughout their lifecycle.
- Pioneer new applications for natural resources, pushing the boundaries of what's possible in natural wellness and beauty.

This dedication to science means that when you choose Wild Life Millions, you're choosing best of the best products backed by evidence, not just assertions. All ingredients are tested to guarantee purity, potency, and performance

The Uncompromising Quality of Natural Ingredients

The foundation of any truly exceptional natural product is its ingredients. The brands we sell are uncompromising in the pursuit of the finest natural elements the Earth has to offer; be it in the desert, sea or the jungle. The brands also collaborate with farmers globally forging fair trade partnerships with ethical farmers and harvesters who share our passion for quality and sustainability. They prioritize:

- Origin and Purity: Sourcing ingredients from pristine environments, free from pesticides and synthetic fertilizers.
- Ethical Harvesting: Ensuring that our harvesting practices are sustainable and support local communities.
- Potency and Bioavailability: Selecting ingredients at their peak, ensuring maximum beneficial compounds are retained.
- Transparency: Providing clear information about where our ingredients come from and why we've chosen them

From rare botanical extracts to nutrient-rich

From rare botanical extracts to nutrient-rich oils, every ingredient in our products is chosen for its inherent quality and its ability to contribute to your well-being. We eschew fillers, artificial additives, and unnecessary chemicals. What you get is the pure, unadulterated power of nature, refined by science to address common problems like hair loss, dry skin, dark spots, acne, early aging signs, excess oil on both skin and hair, etc.

Why Wild Life Millions is Different

In 2026, the distinction between genuine commitment and superficial claims is more important than ever. Wild Life Millions is not interested in fleeting trends or the easy path of greenwashing. We are dedicated to a holistic approach that integrates advanced scientific research, the finest natural ingredients, and unparalleled customer care. We believe that by staying true to these core principles, we can offer products that not only meet but surpass your expectations, delivering real, tangible benefits while upholding our responsibility to the planet and its people.

Experience the Wild Life Millions difference. It's a difference built on integrity, innovation, and an unwavering commitment to quality. Discover the power of nature, amplified by science, and delivered with care.

SWISS LADIES OPEN

Top-class sport and excitement: the VP Bank Swiss Ladies Open 2025 thrilled spectators once again.

From 11 to 13 September 2025, the sixth edition of the VP Bank Swiss Ladies Open was held at the Migros Golfpark Holzhausen. One hundred and twenty of the best female golfers on the Ladies European Tour (LET) competed against each other on the challenging 18-hole 'Zugersee' championship course, in front of a passionate live audience and a large TV and online audience.

A long-term commitment to women's golf

VP Bank has been the title sponsor of the Swiss Ladies Open since 2020. The tournament represents excellence in international golf. Through this sponsorship, VP Bank continues to demonstrate its commitment to women's golf, offering unique experiences for professional golfers, Swiss Golf and its clients.

A tournament of the highest calibre
Once again, this year's field of

participants was of the highest calibre, featuring numerous winners of previous LET tournaments, including Alexandra Försterling, winner of the 2023 tournament, and Alice Hewson, the defending champion from England. Over the course of three days, the players competed in thrilling contests.

A special moment at the end

The emotional highlight of the tournament was the awards ceremony on the final day. Amidst the impressive backdrop of the golf park, Urs Monstein, the CEO of VP Bank, presented this year's winner Alice Hewson with the traditional wooden cow trophy. Chiara Tamburlini, sponsored by VP Bank, came in second place.

PERSONAL BRANDING BEYOND SOCIAL MEDIA: THE POWER OF RELATIONAL REPUTATION

Today, when people speak about personal branding, they usually mean one thing: social media.

Consistency. Content. Visibility. Algorithms.

And while those tools certainly have their place, they are not the only way — nor always the most powerful way — to build a personal brand.

For the past fourteen years, I have built mine differently. Not primarily through posts, but through people. Not through campaigns, but through connection. Not through virality, but through what I call relational reputation.

A few weeks ago, on a quiet Saturday evening, I was enjoying red light therapy with my cat Bilu when an idea emerged.

Over the years, I had created hundreds of niche groups across industries and geographies — entrepreneurs, executives, journalists, creatives, experts, investors. Separate ecosystems, each with its own rhythm.

But this new idea was simple: what if I brought them all together into one monthly cross-industry and cross-continental gathering?

Within minutes, the JFab Social group was created and invitations were extended — not through advertisements, not through a launch

strategy, but directly into the communities I had crafted and nurtured over time. Within twenty-four hours, sixty people had joined.

There was no funnel. No campaign. No performance. There was reputation.

This is the difference between visibility and relational capital.

Most people attempt to build a personal brand by broadcasting who they are. They focus on reach. They measure impressions. They pursue attention.

But in high-trust environments — whether on a golf course, in a private dinner, or inside a long-standing club — brand is not built by broadcasting. It is built by proximity. Through repeated interaction. Through how you show up in rooms, how you connect others and how you move within ecosystems.

On a golf course, for example, your personal brand is not your Instagram bio. It is your presence. It is how you listen. How you respond. How you make others feel. Over time, those micro-moments accumulate into something far more durable than online visibility: they form relational reputation.

Relational reputation works differently from social media recognition. It compounds quietly. When you move, people move — not because of an announcement, but because of trust. Because over time, you have positioned yourself not as a performer, but as a connector within a network of networks.

In elite circles, this has always been understood. Long before platforms and algorithms, reputation traveled through conversation, referrals and shared spaces. It

was slower, but it was stronger.

Social media can amplify a brand. Networking builds its foundation.

The real question, therefore, is not how many people see you. It is how many people would act if you invited them into something.

Personal branding through networking is not louder. It is deeper. It requires consistency, generosity and long-term thinking. But when done well, it creates something no algorithm can replicate: influence rooted in relationship.

And that compounds differently.

**GOLF CLUB LUGANO:
A LOVE STORY**

In 1915 Erwin von Riedemann moved from Germany to Lugano with his beloved wife Josefa. Josefa was a passionate golfer, winner of various important competitions. So it was that her husband Erwin decided to show all his love for her by founding one of the first golf courses in Switzerland, inaugurated in Magliaso on 24 November 1923. Created as a 9-hole course by the architect Percy Dell, it was expanded to 18 holes by Donald Harradine in 1970. It is a small miracle: in fact the land on which the course extends today is only 32 hectares, while modern courses they employ around fifty. The holes alternate

well, offering interesting challenges for both beginners and professionals. The Lugano Golf Club also hosts the Lugano Golf Academy under the direction of Paolo Quirici, a golfer who in the late 1980s took fourth place at the Crans Open, the most important competition for professionals in Switzerland and part of the European circuit. Today the course winds along the Magliasina river on flat terrain among woods of birch, oak, pine, beech, rhododendron, oleander and azalea, among which one encounters many squirrels and also a splendid heron, which often stops between holes 10 and 11. We warmly welcome you and wish you a good game!

individuals make Golf & Lead far more than just a sporting event. It's a place where new perspectives emerge—and where businesswomen demonstrate their leadership skills as naturally as their perfect drive.

In 2026, the events will kick off in June at the stunning Panorama Golfclub Klosters in Graubünden and conclude in August at the exclusive Golfclub Kronberg im Taunus in Germany. Registration is still open at both locations; contact h.grams@fki.de directly.

In 2027, the community is set to grow even further. New formats, new faces, new ideas. One thing, however, will remain unchanged: the mission to increase the visibility of women

GOLF & LEAD EVENT SERIE: WHERE FAIRWAY MEETS FEMALE LEADERSHIP

Last year, the Golf & Lead Community was launched in Switzerland and Germany, bringing a breath of fresh air to the German-speaking golf and leadership scene. What began as a bold idea from two women has quickly evolved into an inspiring network that uniquely combines golf, business, and personal development.

Behind this initiative are two women who know how to create opportunities: Barbara Lutz, founder of the Women's Career Index (FKI) and the AIAYN ecosystem for women, and Hannelore Grams, an

experienced international entrepreneur and passionate networker. Together, they have transformed their passion for golf into a platform that offers ambitious businesswomen the chance to expand their network both on and off the course.

These exclusive events in Kronberg near Frankfurt, Germany, and Klosters in Graubünden, Switzerland, demonstrated the potential of this community last year. Exclusive golf sessions, inspiring keynote speeches from the world of leadership, and open exchange among like-minded

in business and sports and to provide them with an environment where they can support and challenge one another.

Golf & Lead is therefore more than just a network. It's a statement.

“THE MASTER GOLF ACADEMY” BY ALLAN-ANDRÉ KUBERNAT

Learn Golf Better –

Individualized, Structured, Predictable
Individual Golf Lessons in Zurich at the
Basic, Advanced, and Expert Levels

THE MASTER GOLF ACADEMY stands for individualized golf lessons that are fully tailored to the learner’s skills and goals. At its core is a milestone concept with three clearly defined levels – Basic, Advanced, and Expert – which makes development predictable.

The approach is the brainchild of Allan André Kubernat, Master Professional (PGA of Germany). He combines in-depth training, decades of coaching experience in the DACH region (Germany, Austria, Switzerland), and a clear teaching concept: At the MASTER GOLF ACADEMY, lessons are structured to perfectly match your current skill level, your goals, and your learning pace.

The Teaching Philosophy – Clear, Structured, Effective

Basic – Fundamentals with a System

In Basic, Allan lays the foundation: stance, grip, alignment, and rhythm. He utilizes his «Play by Letters» concept – a methodology that translates complex technique into clear, repeatable letter principles, making it easy to understand.

Advanced – Understanding Creates Performance

Those who have mastered the fundamentals develop them further in Advanced. Crucial here is the «how» and «why» behind the technique. This understanding empowers learners to become independent and ensures sustainable progress – from practice to the course.

Expert – Precise Like the Pros

Ambitious amateurs and professionals work with the «Swing like a Pro» swing model in Expert. This approach follows biomechanical principles and focuses on precision and repeatability – for measurably greater consistency in play.

Important: At each level, coach and player jointly define the appropriate goal – transparent, achievable, and motivating.

Lifestyle Coach

CATERINA AFFOLTER

As a lifestyle and nutrition coach, I have been advising, supporting, and motivating my clients toward a healthy life, their ideal weight, and preventative mindfulness for over 12 years.

In addition, I completed training as a Bioenergy Metabolic Therapist. My certification as a Quantum Resonance Magnetic Analyzer rounded out my qualifications.

QRM analysis is an excellent way to identify areas where you can further strengthen your body, all without a blood test.

In just a few minutes, you receive precise results regarding your current health status and which areas (vitamins, trace elements, amino acids, etc.) you can strengthen.

Thanks to state-of-the-art measurement technology, you receive a clear picture of your vital signs based on approximately 240 parameters across 39 thematic areas. You immediately see which small changes can help you feel better and more vital.

Foot reflexology massage is also included.

What's special about foot reflexology is that, although only the feet are massaged, every organ can be activated through the many different points on the soles of the feet.

My recommendation to invest in your health is to have a QRM measurement done every few months as a preventative measure and a foot reflexology massage once a month.

I offer these services in Erlinsbach AG and Wohlen AG.

HOLISTIC HEALTH ADVICE AND COACHING FOR ENTREPRENEURS, SELF-EMPLOYED PEOPLE AND MANAGERS

Are you ready to take your physical and mental performance to a new level? As an entrepreneur, self-employed person or manager, you know that success doesn't just start in the office or on the golf course - it starts with your health.

I am Alexandra Baumann, your health advisor and life coach, specializing in the needs of performance-oriented people. With passion and expertise, I support you in leading a powerful, healthy and fulfilling life. If you want to achieve great things, you have to be strong in your head and abandon old thought patterns. But a balanced diet, targeted health strategies and the right balance between exercise and relaxation are just as important.

My offer for your maximum potential

Nutrition: A diet rich in vital substances is the key to energy, health and performance. I help you to supply your body with the necessary nutrients so that you can perform at your best in all areas of life.

Digestion: A healthy digestion is the basis for a strong immune system, a functioning metabolism and mental health. With proven and holistic methods such as colon hydrotherapy, I support your body to enable you to live an easier and healthier life.

Exercise: Daily exercise and regular training are essential for physical and mental resilience. Together we will develop a training program that is perfectly tailored to your needs and helps you achieve your goals - on and off the golf course.

Mindset: Success begins in the mind. With a strong winning mindset, clear goals and consistent routines, you will achieve not only professional but also personal success. I will help you develop the determination you need to make your dreams come true.

Health check-ups: Get a comprehensive overview of your state of health. Check-ups using integrative medical laboratory analyses provide helpful basic data to initiate targeted

measures for your health.

Coaching: Coaching offers an effective way and often a suitable shortcut in your change process or in developing your full potential. What will be possible if you make your quality of life your top priority?

Your path to more strength, health and joy of life begins here. Take the opportunity and arrange a free initial consultation now! GOLF, HEALING WATERS & HOLISTIC WELLNESS AT TERME DI SATURNIA NATURAL DESTINATION

Set amidst the sun-drenched hills of Maremma, where cypress-lined roads wind through vineyards and ancient villages, Terme di Saturnia Natural Destination offers an immersive retreat shaped by nature, movement, and time-honoured wellbeing traditions. At its core flows a legendary thermal spring - untouched for over 3,000 years - creating a destination where the rhythms of golf, spa, and slow Tuscan living unfold in effortless harmony.

A Golfing Experience Shaped by Nature
Framed by rolling countryside and expansive skies, the resort's GEO-certified

18-hole championship course stretches across 70 hectares of pristine landscape. Designed by Ronald Fream, the par-72 layout (6,316 metres) follows the natural contours of the land, offering a course that is as visually captivating as it is technically engaging. Each fairway and green feels organically placed, inviting players to move in sync with the terrain rather than against it. Beyond the course, a vast 33,000 sqm practice facility provides space for refinement and discovery, with putting greens, chipping areas, and a driving range equipped with 36 open-air and 9 covered bays. Whether perfecting

precision or rediscovering the joy of the game, golfers are supported by professional instruction in a setting that inspires both focus and ease.

Medical Golf: Where Performance Meets Wellbeing

At Terme di Saturnia, golf becomes more than a sport - it evolves into a pathway toward physical balance and longevity. The Medical Golf programme is built on the idea that movement, when guided and supported, can restore harmony to the body. Here, the course itself becomes a space for prevention, recovery, and mindful performance.

Central to this philosophy is the Swing & Spa programme, which addresses the physical demands of the game through tailored

physiotherapy consultations and targeted treatments. Each gesture - from the rotation of the torso to the stability of the stance - is refined with care, helping to prevent strain while enhancing fluidity. Guests who book a Swing & Spa treatment of at least 40 minutes are invited to complete their experience with a complimentary cryotherapy session, a revitalizing contrast that awakens both body and mind.

Promotional rates: Individual session (50 minutes) from €54 and Group sessions (50 minutes, minimum 2 participants) from €30 per person

Flow on the Green

On quiet mornings or in the soft light of late afternoon, the greens transform into a space for stillness and breath. Yoga sessions unfold against the backdrop of the Tuscan landscape, where each movement is guided by rhythm and intention. Through gentle stretches, balance work, and controlled breathing, guests cultivate flexibility and awareness - qualities that naturally translate into a more fluid, intuitive golf swing. Long after the session ends, a sense of lightness and calm lingers.

THE MEDI SPA PROGRAMME: A CONTEMPORARY WELLNESS JOURNEY

Blending innovation with the resort's deep-rooted spa heritage, the Medi Spa programme introduces a modern approach to relaxation and renewal. Designed for today's pace of life, it offers a curated selection of treatments that address both physical tension and mental fatigue.

Through advanced skincare therapies, immersive sensory rituals, and thoughtfully integrated digital detox elements, guests are guided into a state of deep restoration. Each experience is tailored, allowing the natural properties of Saturnia's thermal waters to work in harmony with contemporary wellness techniques. The result is a spa journey that feels both timeless and entirely attuned to modern needs.

Wellness Flowing from Ancient Waters

The soul of Terme di Saturnia lies in its thermal spring, flowing continuously at 37.5°C for millennia. Rich in minerals and plankton, these waters envelop the body in a gentle, restorative embrace.

From detoxifying mud treatments to rejuvenating peels and mineral-rich baths, every ritual draws on the healing power of this extraordinary source.

Roman-inspired pools, soothing whirlpools, and tranquil relaxation areas create a seamless path between movement and stillness, inviting guests to slow down and reconnect with a deeper sense of wellbeing.

Tuscan Living, Refined

Across its 124 rooms and suites, the resort reflects a quiet elegance rooted in Tuscan tradition. Soft natural tones, refined materials, and views of the surrounding countryside create spaces that feel both intimate and expansive.

Dining becomes a journey into regional flavours at Restaurant 1919, La Stellata Country Restaurant and Casa Saturnia Pizzeria Toscana where seasonal ingredients and local recipes are elevated with contemporary flair. Each meal captures the essence of Tuscany - simple, authentic, and deeply satisfying.

Just beyond the resort, the story continues in the hilltop villages of Pitigliano and Montemerano, where cobbled streets, historic architecture, and sweeping views offer a glimpse into the region's timeless character.

"Charme Golf & Relax in Tuscany"

An invitation to fully immerse in the destination, the Charme Golf & Relax

in Tuscany package brings together the finest elements of the Terme di Saturnia experience:

- Four nights in refined Tuscan surroundings
- Generous buffet breakfasts each morning
- Two 18-hole Green Fees per person on the championship course
- 20% savings on additional Green Fees
- Complimentary golf cart (one per two guests, subject to availability)

FATTORIA ALDOBRANDESCA, IN ETRUSCAN TERRITORY

The Fattoria Aldobrandesca estate is located in the southern part of Tuscan Maremma, in the center of what is known as “the Etruscan Tuff zone”. Maremma is often associated with its coastline. Our estate lies in inland Maremma, in the fascinating Tuff Area, named after the volcanic rock that ancient civilizations used to build houses, settlements and fortresses. Three of the most important villages that are carved out of the tuff cliffs are Pitigliano, Sorano and Sovana that today are open-air museums.

IN THE CENTER OF A TERRITORY WITH AN ANCIENT HISTORY

The area was first Etruscan then Roman. In 594, the town of Sovana was conquered by the Lombards who then gave control of the area to the powerful Aldobrandeschi family. The estate takes its name from this noble family. Around the year 1000 A.D., Ildebrando of Soana, who later became Pope Gregorio VII, favored his native town with privileges from the papal state expanding Sovana’s settlements. Sovana

became the capital of a wealthy and powerful county. Sovana and the surrounding tuff villages fell under the control of Siena then Florence finally becoming part of the Grand Duchy of Tuscany.

A LAND OF EXTRAORDINARY COLORS: FATTORIA ALDOBRANDESCA'S VINEYARDS

The estate’s vineyards rise on the slopes of a spur of tuff where the hilltop town of Sovana is located surrounded by a beautiful natural landscape of remarkable archeological importance. Vineyards grow on flat terrain of volcanic origin with tuffaceous subsoils at an altitude of 290 meters above sea level (656 feet) and have an incredibly variable microclimate. In just a few acres, the earth takes on a variety of colors: from white pumice to the colors of tuff whose spectrum goes from yellow to ruby red, to volcanic black. Aleatico, a very old and traditional grape variety, and Malbec, a new variety for the Italian wine producing sector, thrive in this ideal terroir.

A – Toscana Rosato IGT

“A” represents the Antinori family’s challenge to produce a rosé wine of unquestionable quality made with the utmost care and passion that come from their love for this territory rich in charm and history and from a very old and traditional grape variety. The strong identity of Aleatico, an aromatic grape grown on soils of volcanic origin, produces a fascinating wine that is delicate and extraordinarily elegant.

VIE CAVE – Toscana IGT

Via Cave was created after very careful geological and oenological research intended to release the potential of this new variety in the Italian viticultural scene. Malbec, a French grape, thrives in Maremma's volcanic soils, prospering in its new terroir. Via Cave is balanced and soft and it reflects all the charm of the territory where it is produced. The name of the wine is dedicated to the Etruscan Via Cave, or excavated roads, passageways excavated vertically in cliffs of tuff that surround the estate's property.

Village surrounded by greenery

We at Borgo Cadonega Relais & Spa care about the environment and our Relais is truly surrounded by greenery. In fact, it has decided to satisfy its customers while still respecting nature and the ecosystem in which we live. Borgo Cadonega uses a geothermal system, which exploits the heat from the ground, to warm up the building. A Relais warm in winter and cool in summer, all while fully respecting the environment.

How does a geothermal system work?

A geothermal system manages to use the thermal energy produced by the earth, through the combustion of natural gas, allowing to produce electricity and heat. The advantage is to reduce the use of fuel, preferring a green alternative, for the benefit of the planet

The contact with nature is perceived in each of our rooms, thanks to the

view they have on the village or on the surrounding hills. The large windows offer a magnificent view of the nature that surrounds the Relais.

We offer our guests three types of rooms, for every need. Each room has a furniture that skilfully combines antiques and modern design and are embellished with original works by Alinari, Joan Miró, Valerio Adami. In our rooms, history unites with the present, antiques with modernity, rustic with comfort; a mix of unique ingredients for a dream stay, surrounded by nature.

Food is not just nourishment.

Cuisine is made of perfumes, aromas,

flavors, textures, colors and emotions. Of love. And it is thanks to the love that our chef puts into his creations that the customer manages to live an experience that involves every sense.

All while respecting the environment. The chef personally selects the ingredients of her kitchen, also assessing the impact they have on the environment, using them to prepare 0 km dishes linked to the tradition of the area.

The strong point of the restaurant are the stuffed pasta, typical of the area, but also the preparation of the ingredients: pasta, bread, focaccia and even ice cream are prepared by our chefs.

Your hideaway in the middle of nature

AN UNSPOILED BREATH IN THE MIDDLE OF TUSCAN COUNTRYSIDE

The centre of La Rugea Le Spighe Resort is Villa Alamanni, an ancient property that belonged to Medici's family, dating back to 1500. Our resort is situated in a 4000 square metres private park, between Castelnuovo and Poggio a Caiano, ancient territory of the Grand Dukedom of Tuscany.

REFINED DWELLINGS WITH BIG SPACES WHERE YOU CAN CELEBRATE

YOUR SPECIAL MOMENTS

The art of realizing your dreams... there are some important moments in life that we'd want to remember forever.

Our attention for details, the kindness of our staff and the familiar atmosphere will make your function a true party.

The widespread hotel, surrounded by 20 hectares of open countryside is divided in three locations, with pinewood, park and pools, and it's appropriate for any kind of celebration.

The three different locations distinguish

themselves for their capacity and seasonality; they can host indoor events, outdoor ones or mixed.

A peaceful haven where time stops and you won't be needing any kind of hurry.

Conceptually similar to a widespread hotel, La Rugea Le Spighe Resort is a unique place, composite of 3 principal structures, that are separated from each other: the ancient mansion La Rugea, Le Spighe and Le Scuderie, our location for the events. Every structure has its own parking and access.

Three elegant alleys, flanked by cypresses (very Tuscan!) lead the visitor to our buildings.

Different environments in the same reality, where open countryside, architecture and old-fashioned furnished rooms meet.

Our peaceful heaven is completed by our outdoor pools and an Etruscan-roman tepidarium, with hydro massage bath and relax zones. The atmosphere is enlivened by piped music.

An equipped gym, jogging paths and a holistic centre for massages will be at our guests' disposal.

ARGENTARIO

GOLF & WELLNESS RESORT

AUTOGRAPH COLLECTION[®]
HOTELS

The Argentario Golf & Wellness Resort is located in a protected natural area 5 minutes from the Duna Feniglia Nature Reserve, 10 minutes from the seaside villages of Porto Ercole and Porto Santo Stefano, and just 90 minutes from Rome Fiumicino international airport.

The Orbetello Lagoon, the sea and the slopes of Monte Argentario offer a panorama of extraordinary beauty and create a microclimate that allows you to practice sports and outdoor activities at any time of the year.

All the greenery of the Resort, including the 18-hole course, is «Agri Cert» certified organic and eco-compatible: all the products used for its maintenance are totally natural.

The Argentario Golf & Wellness Resort is a design hotel, whose philosophy was born from the search for well-being while respecting the environment: everything develops around these concepts. The resort offers luxury rooms and villas with incredible views of the golf course, the landscape of Monte Argentario, the sea and the Orbetello Lagoon. Each design accommodation is equipped with a panoramic terrace and the latest

technologies, and is the result of meticulous research into materials and furnishings.

In 2023, the Argentario Golf & Wellness Resort in Porto Ercole became part of the largest and most prestigious hospitality group in the world, the Marriott International group, thus becoming the first 5-star resort in Italy and one of few golf Resorts in Europe belonging to Marriott's golf portfolio.

A series of restyling operations have led the Argentario Golf & Wellness Resort to join the exclusive Autograph Collection Hotels brand in June 2024, a collection of independent

hotels individually selected by Marriott International for their unique perspectives on design, craftsmanship and hospitality, and with exclusive and luxurious experiences.

In March 2019, The PGA (Professional Golfers Association) chose the Argentario Golf & Wellness Resort and its 18-hole course as its national headquarters for Italy, making it the only course in Italy to have the PGA National Italy license.

The Argentario Golf & Wellness Resort is not just golf. The sporting opportunities that await you in this Design Resort are many: in addition to the 18 holes, there are also 2 padel courts and 2 tennis courts, a five-a-side football pitch, 2 jogging paths, an indoor gym and an outdoor fitness station, the indoor and outdoor swimming pools.

At the Espace wellness centre, the choice of massages and treatments is wide, from relaxing ones with olive oil from the surrounding olive groves and lavender from the Maremma fields, to shock and energizing treatments for athletes. In the warmer months, the Argentario Golf & Wellness Resort offers a terrace surrounded by greenery with 2 swimming pools to cool off in the Tuscan sun, including one for children. The indoor swimming pool continues towards the outside and is open all year round with the water heated to 28°C.

For those who love fitness, the large gym is equipped with Technogym cardio machines and equipment for weightlifting, CrossFit and functional gymnastics. The huge windows allow you to admire the verdant nature while lifting weights or running on the treadmill.

At the Resort's restaurants, Dama Dama and Club House, you can enjoy cuisine made of local flavors and colours. Chef Emiliano Lombardelli gives particular importance to organic products from the Resort's garden and scrupulously chooses the raw materials from small local producers, thus favoring the seasonality of the ingredients and their authenticity.

Dama Dama is the fine-dining restaurant, while Club House offers an informal atmosphere. Both offer an outdoor terrace with panoramic views.

The Club House Restaurant is open every day for lunch and dinner, and is the ideal place to enjoy relaxation after a day spent on the golf course, on the beach or around Tuscany.

If you choose the Resort for a detox holiday, you can also savor the dishes cooked with the Wellbeing Method of the nutritionist biologist Luca Naitana, who teaches a lifestyle based on the well-being of the body and mind, a diet that favors vegetables and fruit, legumes, extra virgin olive oil, white meats and fresh fish.

Among the other services of the Resort there are:

- Affiliated beach at an exclusive establishment on the sandy beach of

Giannella, nestled between the crystal clear sea and the Mediterranean pine forest, just 10 minutes from the Resort;

- Covered garage (for a fee) and free outdoor parking;
- Heliport;
- Mini Club in the summer months and on New Year's Eve;
- Boat and yacht rental;
- Boutiques and Pro Shops;
- Concierge for organizing tours, cooking lessons, wine and oil tastings, horse riding...

A GOLFER'S HAVEN

THE PERFECT YEAR-ROUND GOLF DESTINATION

Blessed with a year round temperate climate, Somabay is the perfect golfing destination to enjoy an experience like no other.

The championship golf course at Somabay was designed by the golfing icon that is Gary Player. The South African has firmly established himself as one of the greats not just in terms of his playing career but, for many years now in the world of golf course design.

In the mid 1990's Gary Player was approached to design a course on the Somabay Resort and he duly delivered a truly world class layout which he referred to as the Pebble Beach of Africa based on its proximity to the Red Sea.

The course plays through the desert around the resort with no less than 6 holes positioned on the dramatic Red Sea coastline. Tees, fairways and greens provide a playing oasis as the course meanders around the resorts with constant, breath-taking views of the Red Sea all with stunning mountains as a backdrop.

The golf facilities continue to improve at Somabay and world class practice facilities by way of a 300m double ended floodlit range with exquisite turf teeing area has been joined by an incredible 5000 sqm Short Game Arena, designed by James Edwards from EDI Golf that provides an unlimited variety of opportunity for those wanting to hone their short game.

The Par 3 centered in the heart of the Somabay Academy, for novice golfers to also practice and improve their game, and with the expert tuition from our academy team, the Par 3 course provides a safe and challenging environment for those new to the game day & night.

Experience Golf in the middle of the Red Sea. In Somabay, we've transformed golfing into a extraordinary experience. Discover a three-hour adventure from Somabay Marina with 50 golf balls in tow, while you tee off, your companions can soak in the stunning views, groove to melodic beats, snorkel and marvel at the underwater wonders. As stewards of the environment, we ensure responsible collection of all golf balls post – game during a snorkeling experience in 3-meter-deep waters, contributing to marina conservation.

It is our aim to make golf more fun, to deliver golf experiences that leave you coming back for more. What could be better than enjoying great golf in a great place that leaves you with a massive smile on your face

HAPPY SUMMER MOMENTS AT BAWE ISLAND

Just 15 minutes from Stone Town, an extraordinary sanctuary unfolds in the heart of Zanzibar: Bawe Island is Africa's first "island-within-an-island" concept. Bawe Island is more than a destination—it is a feeling. A place where luxurious seclusion, vibrant culture, and untouched nature merge into a truly unique experience.

The Art of Creating Bliss

Happy Moments at Bawe Island are no coincidence, but the result of a finely tuned composition of nature, design, and personal

attention. Every moment is designed to bring guests into a state of pure bliss—a feeling of complete disconnection from everyday life, carried by the sound of the ocean, the rhythm of the tides, and the vastness of the sky.

A Private Paradise for the Discerning Traveler

Set across 30 hectares of untouched nature, the retreat offers 70 exclusive freestanding villas, each with a private pool and surrounded by lush, wild vegetation. Spacious living areas ranging from 200 to

500 square meters, elegant interiors, and spectacular views of the Indian Ocean create an atmosphere of serene immersion in nature.

Each villa on Bawe Island expresses its own unique relationship with nature—sometimes gentle and calming, sometimes vivid, but always immediate and immersive. In the overwater Lagoon Suites, nights are accompanied by the rhythmic sound of waves or the soft patter of tropical rain, creating deep comfort and restorative sleep. The Sunrise and Sunset Villas open fully to the outdoors: under the open sky, surrounded by lush gardens and the scent of ripe papaya, bathing beneath the stars and moon becomes a near-magical ritual. In the Zanzibar Villas and the majestic Sultan Palace, the boundaries between indoors and outdoors dissolve completely—just a few steps separate the bed from warm sand and turquoise waters.

The architecture tells stories that reach far beyond the present. Intricately carved wooden doors, inspired by the craftsmanship of Hindu and Jain merchants from Gujarat, carry symbolic meaning and are believed to bring protection and good fortune. At each villa entrance rests a serene Balinese statue, while a personalized bicycle awaits—small details that make the stay feel special from the very beginning.

Arriving in Another World

Even the journey is part of the experience: aboard a bespoke Venetian luxury yacht by Cantieri Serenella, guests glide across shimmering waters as the island slowly comes into view. Upon arrival, they are not simply welcomed, but greeted like long-awaited family members. This feeling continues throughout the stay, supported by

a personal butler who intuitively anticipates every need before it is expressed.

Dolce Far Niente Meets Adventure

Bawe Island combines complete relaxation with a wide range of activities. Those seeking peace find it in the silence of nature and the privacy of their villa. At the same time, the island opens a world of discovery: the vibrant underwater world invites snorkeling and diving, while calm waters are ideal for canoeing or kayaking. Traditional dhow cruises at sunset offer unforgettable views—and, with a bit of luck, encounters with dolphins.

On land, championship tennis and padel courts as well as a modern gym overlooking the ocean complete the offering. Families benefit from a thoughtfully designed kids' club, while those seeking tranquility can fully

embrace the art of doing nothing.

Culinary Experiences & Vibrant Evenings

At the main restaurant Sands, rotating themed evenings and live performances create an atmospheric setting. A special highlight is Teppanyaki night, where the chef not only creates culinary masterpieces but also entertains guests with stories and humor. Private dining experiences and in-villa menus turn every meal into a personalized journey of taste.

Deep Relaxation in Harmony with the Elements

At the spa "The Rebirth by Healing Earth," a holistic wellness concept nurtures both body and mind. Right on the beach, accompanied by the rhythm of the waves, the "Seaside Ocean Song" treatment delivers profound

calm. The Bawe Signature Soy Candle Massage wraps the body in soothing warmth and leads to deep relaxation. Here, not only memories are created, but happy moments and lasting pure nature bliss.

About Bawe Island

Bawe Island is an exclusive five-star retreat by The Cocoon Collection on a private 30-hectare island off the coast of Zanzibar. With only 70 villas, each featuring a private pool and butler service, the resort combines ultimate privacy, elegance, and tailored hospitality. Accessible by private boat or helicopter, just 30 minutes from the airport, Bawe Island redefines luxury travel. The resort sets new standards in

sustainable luxury with Zanzibar's largest solar park and innovative desalination systems, while actively protecting marine biodiversity and preserving the region's cultural heritage.

Bawe Island has been awarded Zanzibar's Leading Luxury Resort 2025 at the World Travel Awards 2025, named 1st Gold Hotel Champion 2026 by Serandipians by Traveller Made, and recognized as World's Best New Hospitality Arrival 2025 at the CCircle Awards 2025.

LESTOFF – DESIGNED FOR A COLORFUL LIFE

Inspired by traditional hammam towels, the LeStoff brand has been committed to quality and variety for ten years. What originally began with classic hammam towels has expanded in recent years to include bathrobes, ponchos, and practical bags. All products are made from 100% organic cotton and GOTS-certified.

LeStoff delights customers worldwide with hammam towels and accessories for travel, vacations, sports, and relaxation. The products are made from high-quality organic cotton and feature a special weave that makes them lightweight yet extremely absorbent. A trademark of LeStoff is the wide range of bright colors.

Inspired by traditional towels LeStoff is based on an over 600-year-old Ottoman tradition. The towels, originally used as body coverings in the hammam, are now a sustainable must-have and are enjoying increasing popularity in almost all areas of life. And rightly so. Because LeStoff is more than just a towel – it combines a beach towel, bath towel, sauna towel, pareo, and lifestyle accessory all in one.

As diverse as life itself
Whether for a beach vacation, a picnic by the lake, the next boat trip, a spa treatment, or the next sports or yoga class – LeStoff hammam towels are the perfect companions for all situations. They fit into even the smallest bag and save

space in your suitcase. The natural fiber is particularly absorbent, dries quickly, and feels pleasantly soft on the skin.

An original for ten years

The LeStoff brand was founded in Vienna ten years ago. The products have been available directly in Switzerland since 2018. Companies and organizations have the opportunity to personalize the products with their own logo and use them as high-quality gifts for employees, customers, and partners.

Fairly and sustainably produced

The products are manufactured in Turkey. LeStoff uses 100% organic cotton for all its products and ensures fair working conditions throughout the entire manufacturing process. The brand

is also GOTS-certified, reflecting a clear commitment to sustainable, ethical, and high-quality products.

REPORTAGE: MARBELLA

in collaboration with

EXPERIENCE EXCELLENCE

Marbella is renowned for its leadership in high-end tourism, synonymous with luxury, elegance, and exclusivity. Under the motto „Feel the Excellence,“ it emphasizes its commitment to quality. It is the benchmark for tourist experiences, offering top-quality services for the most discerning travelers.

A must-see destination in Europe, thanks to its combination of luxury, tradition, exceptional gastronomy and nature.

AREA

The 27.9 km of coastline within the municipality of Marbella are divided into 24 beaches of varying characteristics, although, due to the urban expansion of the municipality, most are urban or semi-urban beaches. It is organized into 5 districts: Las Chapas, Marbella East, Marbella West, Nueva Andalucía, and San Pedro Alcántara .going to church on Good Friday and Holy Saturday, but also enjoying hearty bowls of habichuelas con dulce, a Dominican sweet bean dessert typical this time of year.

Within the municipality of Marbella, there are two main population centers: Marbella and San Pedro Alcántara. The remaining population is dispersed across numerous residential developments, with Nueva Andalucía and Las Chapas being the most prominent, and five districts: Las Chapas, Marbella East, Marbella West, Nueva Andalucía, and San Pedro Alcántara.

Marbella offers a wealth of unique experiences, but beyond its borders lies a wide variety of activities and destinations to attract visitors of all ages. From charming villages, each dedicated to preserving its rich cultural and natural heritage, to bustling cities like Málaga, Seville, Granada, and Córdoba.

We recommend exploring some of the picturesque towns and villages that make delightful day trips from Marbella. Within a 60 km radius are Estepona, Benahavís, Ronda, Istán, Ojén, Mijas, Fuengirola, Torremolinos, Benalmádena, and Málaga. Nerja and Antequera are relatively close, within a 120 km radius.

Marbella, strategically located on the Costa del Sol, is an ideal place to establish your accommodation and from here visit the many cities of interest that surround us.

In addition to longer distances, Marbella's location allows easy access to other nearby towns such as Benahavís, Istán, Ojén, Mijas, Torremolinos and Benalmádena, all within a 60 km radius, which are perfect for day trips, due to their authenticity, panoramic views, landscapes and Andalusian charm.

HISTORY OF THE CITY

Marbella boasts a fascinating history that stretches back thousands of years. From its Phoenician and Roman origins to its golden age as an international jet-set destination, it has been the stage for events that have shaped its destiny.

Human settlements existed in the Sierra Blanca of Marbella several millennia before Christ, as evidenced by the Paleolithic and Neolithic objects and human remains discovered on its slopes.

Recent discoveries indicate that around the 7th century BC, eastern peoples (Phoenicians and Punics) settled in the Río Real area.

The presence of Rome in our area is demonstrated by numerous remains, such as the Roman Villa of Río Verde, the Roman Baths of Las Bóvedas, also known as Guadalmina, and various findings in the Old Town.

The first references to Marbella are found in the texts of Muslim geographers and travelers of the Middle Ages. During the Islamic period, Marbella became a walled city. The Muslims built a castle and surrounded the city with a formidable wall with three gates: the „Sea Gate“, the „Ronda Gate,“ and the „Málaga Gate .“ The remains of the castle are still preserved.

After the Reconquista and throughout the 16th century, the urban structure of Marbella underwent significant changes. The center of the Muslim „Medina“ (today the „old town“) was demolished to open a square („Plaza Mayor“ or „Real,“ now „Plaza de los Naranjos“) and a „Nueva“ street to connect it with the „Puerta del Mar“ (Sea Gate) .

During the 19th century, and with the installation of the first blast furnaces in

Spain, in El Ángel and La Concepción, to take advantage of the iron from the Sierra Blanca mines, Marbella joined the industrialization of Málaga, which became the 2nd industrial province on the Peninsula.

Seventy years ago, Marbella was an agricultural and fishing village with a mining industry and 10,000 inhabitants; today there are more than 147,663 registered inhabitants, apart from its floating population.

Modern, well connected and right in the heart of Puerto Banús

Occidental Puerto Banús**** is located in one of the world's most famous luxury marinas, next to the main square in Puerto Banús and just 6 km from Marbella. Fully refurbished, this state-of-the-art Costa del Sol hotel puts golf courses, marinas, shopping centres and beaches within easy reach of guests, making this iconic beachfront resort the perfect destination for a holiday with family or friends. Its 294 rooms, all of them spacious and bright, are equipped with everything you might need to ensure a comfortable stay. Additionally, guests can request a kitchenette for an additional daily fee and

enjoy a pleasant furnished terrace, ideal for relaxing outdoors.

FOOD AND DRINK

Occidental Puerto Banús offers guests the following gastronomic spaces which provide different options throughout the day:

La Dolce Vita: this unique culinary experience, inspired in the best traditional Italian trattorias, is supervised by our Bolognese culinary advisor, Chef Niki Pavanelli, recently awarded with one Michelin Star.

Cocoa Café, Brunch & Cocktails: "all-day dining" concept inspired by Parisian-style cafes, serving iconic signature cocktails, draft beer and snacks.

Breeze Gastro Pool Bar: available in season by the pool, it offers the best summer cocktails and a simple, delicious cuisine with a local and healthy twist.

Arrozante: our Mediterranean restaurant with a menu that guarantees to delight rice lovers but also includes the best fish, seafood, meat and tapas. The bed and breakfast regime includes accommodation and a buffet breakfast.

SWIMMING POOLS

If you want to enjoy the excellent climate of the Costa del Sol, Occidental Puerto Banús has two wonderful pools, one of which is for children. Surrounded by sunbeds and trees, they provide a spectacular setting for your holiday in Puerto Banús.

GOLF

Golf is one of the most highly requested sports at present. Within a radius of just 20 km of Occidental Puerto Banús, enthusiasts of this magnificent sport will find 22 golf courses within easy reach, with the most complete facilities and designed by the most prestigious golfers and architects.

WORKATION

Combine relaxation with work! In the heart of Puerto Banús, a 5-minute walk from the famous port and beach, with its 320 sunny days a year, a new concept is uncovered: Workation.

ARQUES CLINIC, RESPONSIBLE AESTHETIC MEDICINE MARBELLA.

In the very heart of Puerto Banús sits Arques Clinic, a center that has earned the trust of locals and of national and international visitors thanks to a simple, solid formula: medical rigor, top-tier brands, and natural-looking results. Its philosophy prioritizes harmony over artificial change—a hallmark evident in every treatment.

Leading the team is Dr. Mario Arques, MD (University of Granada, 1995) with over 25 years' experience and a master's degree in Aesthetic Medicine. His ongoing presence in day-to-day

practice ensures that every facial or body rejuvenation plan has direct medical oversight.

REASONS TO TRUST US

Top-tier medical leadership.

Dr. Arques himself founded and leads the clinic, basing every procedure on individual diagnosis and proven techniques.

Location and assurances. The center, registered with health license NICA 47235, is located in the Marina Banús

complex—easily accessible and highly discreet.

Public recognition.

The clinic has over 800 Google reviews with an outstanding rating and a 98% recommendation rate on Facebook and Instagram, supported by a very active digital community.

Media presence and celebrity preference

The "Press" section and celebrity gallery confirm a singular media profile on the Costa del Sol, making Arques Clinic one of the most recognized clinics and a choice for public figures in Marbella.

The result of these assurances is a working model focused on whole-body and skin health, combining rigorous

diagnosis, advanced technology, and priority-based treatment plans, always with clear communication on indications and expectations.

With that premise—medical diagnosis, leading brands, and natural-looking results—Arques Clinic presents a selection of promotions designed for this magazine's readers. Five highlights—Firm Arms, Neuromodulators, Biolifting + Vitamins, Natural Brow Lift, and Ultherapy® Natural Lifting—explained in practical terms: who they are for, what benefits they provide, and how they fit into everyday life.

As always at the clinic, the final recommendation will be made after an individual medical assessment.

1) Firm arms without surgery

Firm your body with Hyaluronic Acid + Pro-Collagen (including the arm area).

Treatment to improve elasticity, firmness, and texture in the arms and other body zones (knees, décolleté, inner thigh, abdomen, or sub-gluteal area). Includes 2 body vials of HA + pro-collagen and, as a gift, PROFHILO® patch and cream plus regenerating ampoules. From €38/month or €599 single payment.

Who it's for: mild-moderate laxity; thinned skin or fine wrinkling.

Key advantages: outpatient session, progressive improvement, and easy to

combine with lifestyle and exercise.

2) Neuromodulators (forehead, glabella, "crow's feet")

Softens dynamic lines without losing expression.

Neuromodulators act on the muscle contraction responsible for expression lines. Results appear in 3-7 days and the effect typically lasts 3-4 months (individual variability).

Who it's for: pronounced facial movements (frowning, forehead wrinkling, smiling with lateral creases).

3) Biolifting + Vitamins (skin/hair)

A bio-stimulation session to restore vitality.

A minimally invasive treatment that improves luminosity, texture, and firmness in the skin—and supports hair vigor on the scalp. Special price per session: €199.

Who it's for: dull or tired skin; seasonal changes; maintenance between treatments.

4) Natural Brow Lift with Ultherapy® (natural eyebrow lift)

Opens up the eyes without surgery with natural results.

Ultherapy® stimulates collagen in deep planes to subtly lift the brow and rejuvenate the upper third. Available from €28/month or €599 single payment.

Who it's for: mild-moderate brow descent, tired-looking eyes.

Key advantages: single session, no needles, no bruising.

5) Ultherapy® Natural Lifting (facial contour)

Non-surgical tightening and redefinition.

A micro-focused ultrasound treatment that stimulates collagen and firms the skin; visible results with one session and potential duration of up to 2 years,

depending on the case.

Who it's for: early laxity in the cheeks/ jawline/neck.

How to book and where to learn more

Arques Clinic upholds a simple idea: doing what truly benefits each patient, at the right time, with the right technique. That blend of medical judgement, proven technology, and honest communication explains why the center has become a reference in Marbella for those seeking visible change—yes—but consistent with their identity. If you want to find the option that suits you best, the first step is to listen to you and evaluate your case.

Updated promotions: arquesclinic.com/landing-promociones ("I want this offer" form).

Notice to the reader

Promotions subject to medical assessment, availability, and clinic conditions. Results vary according to anatomy and habits. The brands mentioned (e.g., Ultherapy®) belong to their respective owners and are used in accordance with their indications. For complete, up-to-date information, please consult the Promotions page.

WHY INTERNATIONAL BUSINESSPEOPLE CHOOSE MARBELLA THROUGH TRUSTED BUSINESS COMMUNITIES

For years, Marbella has been internationally renowned for its climate, golf courses, gastronomy, and exclusive lifestyle. But today, the city has transformed into something far more powerful: one of Europe's most dynamic international business ecosystems. Entrepreneurs, investors, and professionals from around the world no longer choose Marbella simply as a place to live well; they choose it as a strategic base from which to position their brand, expand their network,

forge alliances, and develop international business.

And within this transformation, one element has become increasingly important: trusted business communities.

Because relocating a business to another country, even to a destination as attractive as Marbella, is no longer just about finding a home or opening a company. Today, international entrepreneurs seek something

much deeper: reliable connections, local guidance, strategic relationships, and access to high-value networks that allow them to move forward faster and more securely. This is precisely where Sinergias Club Internacional has positioned itself uniquely.

Today, luxury is no longer measured solely by properties, golf, or gastronomy. For the modern entrepreneur, true luxury is access: access to opportunities, reliable people, strategic information, and valuable relationships.

And that is one of the reasons why Marbella continues to attract more and more international businesspeople. Because beyond lifestyle, Marbella offers something that is truly hard to find these days: the possibility of combining quality of life with authentic human and business connections.

And communities like Sinergias Club Internacional are part of that transformation.

Not as mere networking clubs, but as strategic ecosystems where international businesspeople can feel connected, supported, and positioned, whether they live in Marbella or operate from anywhere in the world.

Business has always been about relationships. And Marbella has become one of the best places in the world to build them.

A different kind of international business club.

What sets Sinergias Club Internacional apart

is not just the number of businesspeople in its community, but the philosophy upon which it was built. While many international groups in Marbella operate in a segmented way, based on nationality (groups of Germans, Belgians, Scandinavians, British, etc.), generating communication and business only among themselves, which is quite limiting, Sinergias was born with a different vision: to unite businesspeople of multiple nationalities within a single business ecosystem.

German businesspeople connect with Dutch investors; Scandinavian consultants collaborate with Spanish companies; American speakers forge alliances with Latin American entrepreneurs; and British executives connect with local businesses.

This multicultural mix creates something extremely valuable: a truly international business environment. And Sinergias Club Internacional has become a strategic bridge between Marbella's local business community and the growing international community that continues to invest on the Costa del Sol.

GOLFING IN FRANCE

At Château L'Éperon, we believe in offering a fully immersive experience enjoying a wine country life that goes beyond simple wine tasting.

Our 360° wine experience combines vineyard tours, tastings, and exclusive events to give guests a deep connection to Bordeaux's rich wine heritage. From exploring our 40-hectare estate and private tastings with the winemaker to wine and food pairing ateliers, luxurious villa accommodations, horseback riding, and tailored private events such as weddings, picnics, and dinners with local chefs—plus corporate events—each aspect is designed to make your visit unforgettable. All of these are in the calming and pristine environment of the very welcoming Chateau L'Éperon.

The Chateau L'Éperon could accommodate upto 16 guests in a recently renovated in accordance with high standards villas:

La Maison and L'Éperonnette. Both villas are officially rated as 5-stars. Each house has a swimming pool and a nicely equipped area for relaxation and sports.

There are at least 3 golf courses in close proximity.

Château L'Éperon is a sprawling 40ha/98 acre of rolling hills near the town of Véraac, Bordeaux's Right Bank. Built in 1810, the Château has retained its initial look of a noble French country estate.

A wine production history goes as far back as 1830. The Château is located in the prestigious zone of AOC Bordeaux Superior. Wines benefit from limestone clay soil similar to neighboring St. Emilion Grand Cru.

Surrounded by perfectly maintained 20ha/49 acres of vineyard, the Château produces awards-winning red wines: Château L'Éperon in a traditional Bordeaux style and L'Éclat by Château L'Éperon with a nice modern touch. Additionally, the Chateau offers two white wines: Chateau L'Éperon white (100% Semillon) and La Brise (70% Sauvignon Blanc/ 30% Semillon). Its Rose, Madame L'Eperon, is in high demand during the summer season.

Château L'Éperon combines its traditional values with modern technologies and meets the highest ESG standard

The Château L'Éperon wines benefit from the supervision of oenologists from Oenolab, founded and managed by Hubert de Boüard, co-owner of Château

Angélus (James Bond's wine). Their assurance in the quality of the wines allows them to present to international journalists and critics.

The Grand Brighton has launched Its New Spa and marked L.RAPHAEL's debut In UK

The iconic Grand Brighton - one of the UK's most historic hotels famed for its spectacular seafront views and decadent afternoon teas - has officially inaugurated its new luxury spa last October in partnership with L.RAPHAEL - a global leader in skincare, anti-ageing, longevity and skin-longevity as well as wellness treatments.

L.RAPHAEL Genève is a world-renowned luxury skincare and beauty brand founded by Ronit Raphael currently operating in Geneva (the flagship store), New York (at The Four Seasons Hotel), Jaffa and

now also Brighton, with Longevity Hotel and Spa in Mexico coming soon. Born from Ronit's sad yet inspiring life story, L.RAPHAEL is a testament to her belief that «true beauty radiates from the inside out - when the body and mind are in perfect harmony.»

L.RAPHAEL Beauty Spa & Wellness at The Grand Brighton is L.RAPHAEL's first foray into the UK and couldn't be better placed, making The Grand Brighton a premier destination for those seeking the ultimate seafront sanctuary.

The brand has developed ultra-luxe, high-performance face and body treatments for immediate and long-lasting results, as well as exclusive product lines segmented by age group and skin type. Signature L.RAPHAEL treatments include the

Secret of Lake Geneva; a customized aromatherapy massage combining essential oils inspired by the serenity of Lake Geneva to harmonise body and mind, and the Revive Fusion Facial; a multi-action facial blends oxygen therapy with a diamond exfoliation for smoother to stimulate circulation and collagen production whilst gently removing dead skin cells for enhanced absorption of nutrients. Many treatments have been developed specifically for The Grand Brighton and combine the cold plunge with the sauna heat as well as special body and face massages fully harmonised with skin care treatments.

Other features of the spa include dedicated manicure and pedicure stations, relaxation areas, a thermal suite; sauna and steam room, a cold plunge shower, Technogym strength, cardio and function fitness equipment and light dining options served in the relaxation areas.

L.RAPHAEL Beauty Spa & Wellness at The Grand Brighton completes one of Brighton's best loved landmarks to become a premier destination for those seeking the ultimate in relaxation and rejuvenation.

TIMELESS YOUTHFULNESS
ON THE RED CARPET
L.RAPHAEL AT THE 79TH
CANNES FILM FESTIVAL

*Where beauty
innovation meets
longevity science*

Amid the glamour of the French Riviera and the elegance of the Cannes Film Festival, L.RAPHAEL unveils a new generation of Beauty, Wellness & Longevity innovation, bringing together advanced skincare science, home technologies, longevity philosophy, and personalized wellness experiences.

Molecular Skin Rejuvenation by L.RAPHAEL

This year in Cannes, L.RAPHAEL unveils one of its most anticipated innovations: the new MMZ01 LED Mask, Molecular Skin Rejuvenation by L.RAPHAEL. Designed as a next-generation home beauty technology, the MMZ01 combines multiple advanced LED wavelengths within

one intelligent system, helping support skin rejuvenation, collagen stimulation, skin recovery, pigmentation correction, inflammation reduction, acne and oily skin balance, and visible skin longevity.

The MMZ01 was developed not only as an individual beauty device, but as part of a complete professional skincare ecosystem, combining L.RAPHAEL technologies, treatments, and skincare collections together. Clients can now recreate and prolong professional treatment results directly from home by combining the LED mask with personalized L.RAPHAEL skincare protocols.

A new era of skin longevity at home

The launch of the LED mask is perfectly aligned with the renewed generation of the iconic Perfection Collection. Developed together with Professor Paolo Giacomoni and Professor Shinitzky, the Perfection Collection is powered by advanced skin longevity technologies based on natural phospholipids and lecithin structures, reinforced with Omega 3, Omega 6, vitamins, minerals, antioxidants, and natural retinol-inspired technologies.

Together, the Perfection Collection and the MMZ01 LED technology help support skin longevity, collagen stimulation, firmness and elasticity, hydration and radiance, skin barrier reinforcement, and healthier aging over time.

With this launch, L.RAPHAEL introduces a new approach to home skincare and skin longevity.

The new digital era of L.RAPHAEL

The launch of the MMZ01 also marks the beginning of a completely new era for the brand: an era of e-commerce, digital wellness, home technologies, and personalized beauty guidance. Through the new L.RAPHAEL Digital Maison, clients worldwide can now continue their Beauty, Wellness & Longevity journey directly from home.
