In the center of Basel, between Blumenrain and Drei-König-Weglein, directly on the Rhine promenade on the Grossbasler side, you will find the "Vierter König" restaurant.

The traditional Basel restaurant was taken over in summer 2020, renovated and has found a new romantic charm. Thanks to the unique interior and timeless materials that were used during the renovation, you immediately feel at home with friends.

Elegant wooden floor, black brick look, oak tables and black bistro chairs are in harmony with the heavy industrial room dividers and the bar made of handcrafted individual pieces made of solid metal.

Our kitchen cannot be put into drawers - we are particularly proud of our "spare ribs" marinated in homemade barbecue honey, our fish dishes with fish from Lake Maggiore and the Alps, and our Parmesan risotto DOP, which is served at the table in a parmesan loaf.

Welcome to the «Vierter König» restaurant

Welcome to the Baslerhof - the popular country inn is in a wonderfully quiet location just a few kilometers from Riehen and the city of Basel - in the middle of idyllic Bettingen.

Romantic localities and beautiful panoramic terraces invite you to linger and enjoy, our kitchen team spoils you with market-fresh and seasonal delicacies and wine connoisseurs appreciate the variety of our good wines.

In our village pub you can enjoy traditional dishes, attractive lunch menus and an uncomplicated à la carte menu.

The Bettingerstube impresses with its simple elegance, well-groomed service and smart seasonal cuisine with dishes from the border triangle.

Our banquet hall is predestined for your very personal occasion. We organize private or business events with you in a closed setting. The hall can accommodate up to 70 or 100 people including a bar and lounge.

The Baslerhof garden, in summer the most beautiful garden in the region. Under the largest and oldest chestnut tree far and wide, we heat up our large grill every day and spoil you with fresh meat and fish specialties, baked potatoes and crispy salads.

We look forward to seeing you -

Pure joy of life.

Smeraldina natural mineral water is born in the mountains of northern Sardinia, in Gallura, a few kilometers from the enchanting and exclusive beauties of the Costa Smeralda. It is a real jewel of nature, which A.L.B S.p.A has kept and valued since 1985, the year in which the Smeraldina brand was registered and imprinted for the first time on one-liter carton packs. Today Smeraldina is known and appreciated around the world, and was also elected the best mineral water on the planet at the Berkeley Springs International Water Tasting Competition. The success of Smeraldina is certainly due to the extraordinary quality of the water, which is bottled directly at the source, but it is also thanks to an innovative managerial orientation, experience and the many values that the founder of ALB SpA, Giovanni Maria Solinas, has able to pass on to his children: passion for

work, deep respect for precious water and for the territory in which it is born, for consumers and collaborators. Since its origins, Smeraldina has paid great attention not only to the content, but also to the containers, and is appreciated and recognized around the world for its environmentally friendly, versatile and aesthetically unmistakable packaging. Furthermore, Smeraldina is among the very few mineral waters to serve returnable glass in restaurants. Glass is a tradition dear to the company, which has always been convinced that the quality of the future of all of us depends on the respect we have for the environment. For this reason, the green commitment will never stop growing in ALB. S.p.A. Because only from magical and uncontaminated nature can authentic goodness like Smeraldina water be born.

ZURICH

JÖRG ARNOLD
 GENERAL MANAGER
 STORCHEN ZÜRICH, WIDDER ZÜRICH,
 ALEX LAKE ZÜRICH

What's the latest from The Living Circle hotels?

- In March 2022 we were able to enter into an exciting partnership with top chef Andreas Caminada, who is known far beyond national borders for his 3 Michelin star cuisine. Together with the Caminada Group, The Living Circle owns Schloss Schauenstein in Fürstentau Graubünden. We would like to further advance and expand the Fürstentau location. We see many exciting symbioses between Caminada's companies and our companies. Caminada works in the top class, lives the regional anchoring and knows its producers personally, that fits perfectly with our «farm-to-table» philosophy. Another project that is particularly close to my heart is our bees. Since this year we have had beehives on the Storch, the Alex, at the Schlattgut and in Ascona at the Terreni alla Maggia. We are excited for the first honey from The Living Circle!

What special guest experience you offer are you particularly proud of?

- The connection of our hotels with the boat is unique. As a guest at the Storch, you can, for example, reserve a table at the Alex Lake in Zurich or at the Buech restaurant in Herrliberg, and we will pick you up by boat in front of the Storch and take you to your destination via the Limmat and the lake. After the meal you can take the boat back to the stork. Believe me, there is hardly a nicer and more relaxing «Zurich experience». One of our goals is to offer unforgettable experiences, which is why we have created special offers: our «Moments». These include, for example, the Urban Picnic. Equipped with an exclusive picnic offer from us, the guests choose where in the city they want to enjoy their time.

You have various sustainability initiatives, can you explain this commitment to us in more detail?

- We are very happy with the situation that we can obtain many products from our farms - we can really live our «from-farm-to-table» concept. For example, the breakfast eggs in

our Zurich hotels are from our Schlattgut near Herrliberg. Our employees are specially trained to reduce food waste and in Aries we have KITRO, a system that uses artificial intelligence to help us analyze our food waste and decide on measures.

Your tip for summer in the city of Zurich?

- Of course, a cocktail on the rooftop of the stork - in The Nest - is a unique experience. The inner courtyard of the Widder Hotel, where we serve interesting BBQ dishes and fantastic cocktails from the Widder Bar, is my personal insider tip for the summer.

THE LIVING CIRCLE

The Living Circle - the hand-picked group of first-class hotels and restaurants in the uncompromisingly most beautiful locations, run by passionate hosts, consists of four hotels, three farms, a restaurant and a rustico. These are the Widder Hotel, the Storchen Zurich, the Alex Lake Zurich and the Castello del Sole in Ascona, the Schlattgut, the Terreni alla Maggia in Ascona and the Château de Raymond in Vermes, the Buech restaurant in Herrliberg and the Rustico del Sole in Ascona. Whether in the heart of Zurich, directly on Lake Maggiore or at a height with a breathtaking view: All members of The Living Circle have a strong relationship with nature and

offer their guests incomparable experiences. Rice, vegetables, fruits, of course wine and other noble plants - our own farms conjure up everything freshly garden directly on your table.

ARRIVE AND COME HOME

The Storchen is one of four very special houses that make up "The Living Circle". Located in the heart of Zurich, the hotel embodies the essence of the city and with each visit, the inspiring liveliness of this place opens up anew. For centuries people have come together in the Storchen Zurich. The restaurants and bars attract visitors and locals alike, and are of historic importance to the city. Whether on a business trip or simply for pleasure: we invite you to enjoy the hospitality of the Storchen Zurich in a relaxed way.

WHERE THE STORK HAS LANDED

Long ago, a pair of rare black storks landed on the roof of the original hotel. A legend was born - and with it the name of the hotel. For centuries, the Storchen has been the epitome of warm hospitality and personal service in the heart of Zurich's historic Old Town. Let yourself be pampered and discover the city.

A BRIDGE BETWEEN HISTORY AND TRADE

The location of the Storchen Zurich at the narrowest point of the Limmat is of great historical and logistical significance. As a historical witness, the Storchen reflects the history and stories of the city of Zurich. The hotel marks the point where trade routes began and journeys began. Each window offers breathtaking views of centuries-old architecture, bringing the incomparable energy of the city to life again and again. Thanks to its central location on Weinplatz, you can find some of Zurich's most popular attractions in the immediate vicinity. In addition, a labyrinth of winding streets and hidden squares just waiting to be discovered.

STYLE HAS TRADITION HERE

The present stork was completed in 1939 and different architectural styles testify to various renovations. The recent redesign of the house combines modern aesthetics with traditional details - the result is an interior that is as comfortable as it is refined. Noble textures, fine fabrics and luxurious marble combine to form elegant rooms that invite you to cultivated relaxation. The historical heritage of the the Storchen has been carefully preserved, so that it survives the time.

ROOMS WITH VIEWS

Surrounded by breathtaking views, luxurious details and modern amenities harmoniously come together. Each room offers unique views of the Limmat or the picturesque old town of Zurich. Amidst finely tuned colors, contemporary furniture and the finest materials, the Storchen offers a luxurious box seat for the multifaceted spectacle Zurich has to offer.

MODERN DESIGN IN MANY FACETTES

From spacious suites to family rooms: The accommodation options in the Storchen meet a wide variety of travel needs. Each stay at the Storchen is characterized by fascinating views, elegant decor and modern facilities. Detailed, hand painted nature motifs on the walls meet contemporary furniture and furnishings. This creates clear, modern spaces that are both luxurious and comfortable. The exquisite details combine with a pleasant palette of neutral hues and targeted accents to create a wonderfully relaxing retreat.

HOW ZÜRICH TASTES

The Hotel Storchen has always been a meeting place. This hospitality is still to be felt today in its restaurants and bars and makes the enjoyment an experience.

In the restaurant La Rôtisserie, a spacious terrace overlooking the river and the Grossmünster provides a unique setting for moments of indulgence at any time of the day. The menu entices with innovatively interpreted classics, freshly prepared with local ingredients. Let yourself be spoiled by the exquisite "Sai" in front of a spectacular mountain background and tasting the personal creations of chef Stefan Jäckel, awarded 17 GaultMillau points and 1 Michelin star, and his team. The newest and most spectacular highlight in the Storchen is probably the rooftop roof terrace The Nest with a breathtaking view of the most beautiful city - Zurich. When the weather is nice, The Nest offers a Mediterranean-inspired enjoyment experience over the rooftops of Zurich. The Barchetta Bar on the ground floor attracts locals as well as guests from near and far - with freshly roasted coffee and light lunch menus during the day and expertly mixed cocktails in the evening.

Finish - or start - the evening in the Cigar Bar, where connoisseurs accompany fine cigars with a glass of rare rum or cognacs. A collection of guild coats of arms reveals here the connection of the hotel to the oldest fishermen and Schifferzunft of Switzerland, whose guild people gather here since 1939. The importance of the hotel as a historic meeting place is highlighted most clearly during the three-year-old Schifferstechens, organized in memory of a similar tournament from the Middle Ages together with the Limmat Club Zurich.

ROOMS THAT WANT TO BE CELEBRATED

Whether for a corporate event or a private party: the Hotel Storchen offers the right ambience for your event, from sumptuous banquets to business conferences: the stork's top-equipped halls can be adapted to any event. The largest of the four rooms is the Salon Littéraire (42 m²). With parquet flooring and an impressive stucco ceiling, it offers a stylish setting and is ideal for larger events. For small meetings and events we recommend the boardroom (35 m²), the Limmat room (36 m²) or the Werdmüller room (20 m²).

A CITY LIKE A HOME

The «stork experience» goes far beyond the walls of the hotel and captures the essence of Zurich in all its diversity. The Limmat is a picturesque backdrop for the hotel - the view sweeps over the river far into the distance. Enjoy cozy hours at the Barchetta Piazza and experience the unique Zurich lifestyle at close range

A UNIQUE CITY AWAITS YOU

Whether culture or gastronomy: Zurich has much to offer - for guests as well as for locals. Discover the famous art collections of Switzerland in the permanent exhibitions of the Kunsthaus and the Rietberg Museum. Experience unforgettable orchestral concerts in the Tonhalle Zurich. Or visit the magnificent Grossmünster - landmark of the city - and the nearby Fraumünster. In addition to the city's cultural attractions, you will find countless exclusive shops, many famous dining establishments and a nightlife scene that is well known across the country.

HOTEL

This small, fine hotel is a house full of personality - for people who love to surround themselves with the beautiful things in life. Style, art and classic modern characterize the ambience. Your city retreat with 5 stars, 14 suites, 35 guest rooms and 4 luxurious apartments is located in the middle of Zurich's old town, near the famous Bahnhofstrasse. The Widder Hotel is characterized by luxury, lifestyle and warmth - a home in Zurich.

HISTORY AND ARCHITECTURE

9 houses, 1 hotel and 700 years of history in the heart of the old town: through-

out history, the nine medieval townhouses have been home to nobles and guild masters, artisans and merchants. They not only built and inhabited the buildings, but also decorated and changed them. The Swiss star architect Tilla Theus had the solution for the preservation of the nine historic houses and the simultaneous transformation into a luxurious, modern hotel. With the connection of the houses through passages with chrome, steel and glass, the Widder Hotel was opened in 1995 after a ten-year renovation. In this way, the 700-year history of the houses in the heart of Zurich can live on and be written on by guests from all over the world.

LOCATION

Zurich is an extraordinary city - and in the Widder Hotel you are right in the middle. Nature fans are rewarded after a short walk with a view of the lake and a great panorama of the Alps. Those who love shopping will find the famous Bahnhofstrasse in the immediate vicinity, but also Zurich's old town with its elegant and original boutiques. Not to mention Zurich's atmospheric alleys along the Limmat, its charming river baths and the many pretty cafes that enchant every visitor. The Widder Hotel is surrounded by unique hotspots that make your stay in Zurich a unique experience.

ROOMS and SUITES

In the 35 rooms and 14 suites, no two accommodations are the same - here design meets the Middle Ages, from the design queen room, through the historic junior suites, to the penthouse suite with private rooftop terrace. The wooden ceiling beams, the antique tiled stove and delicate frescoes are supplemented with the latest technology and maximum comfort for an unforgettable guest experience.

LUXURY RESIDENCES by Widder Hotel

Four exclusive luxury residences with maximum privacy and unbeatable views, less than 50 meters from the Widder Hotel. The unique apartments in medieval walls, antique wood, equipped with the most modern, classic design offer a home that meets the highest demands. With a view of the historic Lindenhof and famous Renweg, Zurich is discovered from a completely different side.

RESTAURANTS AND BARS

Widder Restaurant

In the Widder Hotel, eating becomes an experience. In the heart of the Widder, the exceptional culinary talent Stefan Heilmann, awarded two Michelin stars and named Chef of the Year 2021 by Gault-Millau, together with his long-time crew, seduces them with exciting creations. Straightforward dishes that are always focused on the taste and surprisingly exotic aromas let the connoisseur float to the next culinary cloud. The charming and attentive service, led by sommelier Stefano Petta, completes the gourmet experience in the Widder Restaurant.

Passionate hosts spoil you with creative cocktail combinations or the largest whiskey selection in town. The Widder Bar is the ultimate avant-garde hangout.

Boucherie AuGust

The Boucherie AuGust, located directly on Rennweg, is probably THE address for hearty carnivores and curious tasters. Here you can enjoy classic meat and sausage specialties, such as boiled beef salad, meat cheese and homemade pies, while in winter you can watch the hustle and bustle on the Rennweg through the large window fronts or sit on the terrace in the middle of the action in the warm summer months.

The Dolder Golf Club Zurich was founded in 1907 and it is one of the oldest golf clubs in Switzerland. The private 9-hole course is located in the area of the city of Zurich and is idyllically embedded in the forest of the Adlisberg. Guests are welcome. Tee times are to be agreed through the secretariat. The course is located on the southern slope of the Adlisberg.

For this reason, the many inclines make the place, despite its clarity, a physically and mentally challenging experience. 2004/05, the place was gently rebuilt and renewed all greens. The 9 hole course can be played in two passes. The deductions remain the same in both rounds. Slopes, stepped greens, bunkers and old, dense trees complicate the game. The course is not very long, but the greens are small and well defended. Precision is therefore more important than length.

PASSION FOR CARS

Benno and Susanne Krähenmann the company founders

You're a little more than a car salesman. As a family business already in the 1st and 2nd generation, the Krähenmann's have been running their Italian car garage with passion and joy for over 30 years. The whole team of almost exclusively long-term employees shares this passion with them.

Specialists with passion

Our exciting offer

We carry almost the entire range of Italian vehicles. In our show rooms we will show you an exciting selection from the smart Fiat 500 to the sporty Alfa Romeo models to the exclusive Maserati or the fiery sports cars from Ferrari.

This enables us to deliver the right vehicle to our customers for every budget. We are convinced that you can develop the same passion for a Fiat 500 as for a Maserati or Ferrari sports car.

A permanent exhibition of at least 50 well-maintained used vehicles with an annual guarantee are also one of the attractions of our company. What is not in it, but according to the Krähenmann's corporate philosophy, is a natural privilege of the customer: Even after the purchase, you will be looked after in the same partnership as a new car buyer.

Whether new, used or historic, Italian cars are always fascinating and passionate. We all associate sensations with the car: the Italians are creative, innovative, courageous and progressive - they know how to arouse emotions, because the heart always chooses with the head.

ZURICH REGION

In summer, Zurich is transformed into a large water park. Everyone spends their time on the water or at the lake. Swimming, wakeboarding, rowing and stand-up paddling (SUP) are popular summer sports that can be organized directly from the hotel's own pier. And the local rowing club right next door invites long-term guests to their regular courses and training sessions. Zurich is a popular destination all year round for planning various excursions to the surrounding mountains.

HOTEL

From the Old Town via Storchentsteg to Thalwil: Alex Lake Zurich, located directly on the shores of Lake Zurich, is the newest member of "The Living Circle". The five-star hotel was opened in the summer of 2019 and is distinguished by its fantastic location directly on the lake and its modern, luxurious interior. With the five-star city hotels Widder and Storchent as well as the restaurant Buech and the Schlattgut farm in Herrliberg, a City & Lake Resort is being created where guests can enjoy both the vibrant city life with art and culture and the relaxed life in the countryside and on the lake.

The 43 elegant studios and penthouses with their own kitchens are also ideal for longer stays due to the generous living experience. The hotel spa with sauna, steam bath and vitality pool as well as selected massages and

treatments creates space for relaxation and recreation. Thanks to the Alex Lake Zürich own jetty and the Storchent Zürich on the Limmat, guests can commute comfortably between the locations by shuttle service on the hotel boat, opening up a whole new range of services.

HISTORY OF THALWIL

Thalwil is a residential area. It is very popular because of its location and quality of life. First mentioned in 915, its history goes back to Roman times. In the Middle Ages, most of the income was generated by agriculture, viticulture, hunting and fishing. Thalwil also has the oldest wood cooperative in Canton Zurich and was known for its fabric dyeing factories in the last century. Today the economy consists mainly of small and medium-sized businesses and a wide range of shops. Thalwil has left most of its past behind and is now a commuter town with excellent public transport connections, low taxes and a good quality of life.

HISTORY BUILDING

The history of the location goes back to the year 1589. At that time, the Thalwil Shooting Club had built a shooting range and the Schützenhaus inn on the lakeside. After the shooting range was abolished, the name of the house changed to Krone. The Krone was demolished in 1952 and the Hotel Alexander was opened in 1958. Alex Lake Zurich was built on the foundation walls of the Hotel Alexander and underwent a complete renovation and an extension with additional 22 guest rooms. Had the foundations of the Hotel Alexander been demolished, it would not have been accepted to build so close to the water, which makes the Alex Lake Zurich so unique. One has the feeling of being on board a ship or boat.

RESTAURANT ALEX

The restaurant Alex is the heart of our hotel and combines in an uncomplicated yet elegant way the aromatic cuisine with an urban flair. A new hotspot in Thalwil that invites you

to stay and enjoy: whether for breakfast, casual lunch or lifestyle dinner.

AQUA RESTAURANT

Michael Schuler, who spent five years in the kitchen with Stefan Heilemann - most recently as his sous chef at Widder Hotel -, has now opened his first fine dining restaurant with us at Alex Lake Zurich: the AQUA. In the 14-seat restaurant with a view over the entire Lake Zurich, our team serves a gourmet dinner of the extra class. The finest ingredients, the highest level of culinary craftsmanship and attention to detail are combined to create a dining experience in spirit of the City and Lake Resort: unforgettable and unique!

THE LIVING CIRCLE

The Living Circle – The handpicked group of first-class hotels and restaurants in the most uncompromisingly beautiful locations, run by passionate hosts. It consists of three hotels, three farms, a restaurant and a rustico. These are the Widder Hotel, the Storchen Zurich and the Castello del Sole in Ascona, the Schlattgut, the Terreni alla Maggia in Ascona and the Château de Raymondpiere in Vermes, the Restaurant Bueh in Herrliberg and the Rustico del Sole in Ascona. Whether in the heart of Zurich, directly on the Limmat, embedded in the private park on Lake Maggiore or in the heights with a breath-taking view: All members of The Living Circle have a strong connection to nature and offer their guests incomparable experiences. Rice, vegetables, fruits, of course wine and other noble plants - everything conjures up our own farms fresh from the garden directly on your table.

Elena is a Swiss contemporary artist. Best known for her anti-stress colouring books, she works with an array of styles and techniques. Her oil paintings and graphics have been commissioned and exhibited across Europe and the United States, presented at international Art Fairs like RED DOT Miami, WoP Lugano, SwissArtExpo, Zürich Art International (upcoming) and many others. She began her art studies at a young age in "Serov art school" in Moscow. Later in Washington D.C. she graduated the Duke Ellington School of the Arts «Blue Ribbon» high school majoring in Visual Arts and went on to explore graphic design at Corcoran School of Arts and Design.

From a young age her life was full of extensive travels. Constant changing of country and scenery has, admittedly, been challenging at times, but has broadened my vision and impelled to explore a variety of artistic styles and techniques creating paintings inspired by nature and our everyday life.

ANDERMATT

FOUR WORDS DESCRIBE THE SOUL OF THE VILLAGE:
LUXURIOUS, NATURAL, MAGICAL AND MYSTICAL.

To get an idea of what it means by „mystic“, you can start by watching the video series „Mystic Mountains“ on the official website www.anderstatt-swissalps.ch. Stories of enchanted mountains, of people who live there, love them, and have chosen the sustainability and harmony between innovation and tradition as pillars of urban development.

Andermatt, the pearl of the Orsera Valley at 1447 meters above sea level,

has won its bet with the future without losing its ancient soul of alpine village. It has developed into a year-round destination in recent months, with the opening of the new conference hotel Radisson Blu Reussen, with residences, its public indoor pool, its wellness and fitness area.

Then there are 8 apartment buildings and the Piazza Gottardo which is the new commercial heart of Andermatt, with its shops and restaurants.

Summer is upon us and there are great expectations.

The 3-times award-winning 18-holes “best Golf Course of Switzerland”, with its spectacular mountain surroundings, allows you to play golf in a Scottish atmosphere and has quickly become one of the most sought after in all of Switzerland.

Andermatt has reached important milestones, but there is still a lot to do and more to come: the concert hall will be inaugurated on June 16th with a great concert of the Berliner Philharmonie. There are plans to start building the third hotel, a family structure soon. At least 30 other apartment houses are also designed to be built soon. Of course, the opening last December of the ski connection Andermatt and Sedrun was another milestone that allowed the promoters to experience one of the best seasons ever.

With the two Gütsch-Express (Andermatt-Gütsch) and Schneehüenerstock-Express (Oberalp-pass-Schneehüenerstock) cable cars, the operators open a new hiking and biking paradise with restaurants on both sides. In addition, another gondola from Sedrun to Cuolm is ready to widen the hiking field towards Disentis.

Andermatt is a little paradise in the Alps: investment opportunities are safe here, the quality of the construction is excellent and there are activities and options for all kinds of guests.

Gilbert de Montsalvat

MORE THAN JUST A CIGAR, GET TO KNOW GILBERT

Raymondo Bernasconi runs the House of Smoke in Basel / Switzerland, a cigar specialist shop with an attached cigar lounge. He imports numerous cigar brands as well as BOVEDA and XIKAR exclusively into Switzerland. Since 2008 he has launched his own cigar brand: Gilbert de Montsalvat.

How did you come to create your own brand?

It all started in 2000. We imported a few brands and were very successful. Unfortunately, it was usually the case that as soon as the soil was tilled and the harvest could have been brought in, a big player in the industry bought the brand and we lost sales as a result. Then the desire arose to do something of my own - Gilbert de Montsalvat!

Have you developed the blends?

Most go to one or more producers and test their way through the samples. Decide on a blend and then do the banderole, box - marketing. We built all blends from scratch with the professionals. The maximum I specify is the cover sheet, i.e. the color or the tobacco seeds. Then I define the blend; mild, medium or strong. Which aromas should come into their own when smoking, from roasted aromas, coffee, chocolate, sweetness, etc. For the first blend, it took us a full two years to get the product ready for the market! Through what we have learned, we have continuously developed and usually need another 6-12 months for a new blend.

Who makes the different cigars and where?

We work with a medium-sized factory of around 40 scooters in Esteli / Nicaragua and in Tamboril / Dominican Republic.

Do you have a favorite format?

That is very mood dependent. I mostly smoke medium-sized formats the size of a Gran Robusto, around 54 ring gauge and 140 mm in length. In between, I really like a salomone.

Are you still planning new formats / blends?

We currently have the problem that due to COVID, productions cannot keep up with demand. For this reason, we will

remove part of the portfolio from the market and simply add two new formats to the Classic series by adapting the range.

We have experienced wonderful organic growth on the Classic, the Revolution Style and, in advance, on the Anniversary line in recent years. We want to increase this further and not lose focus with constantly new blends and innovations. In order to be able to guarantee consistently good quality, in my opinion it is also very important to take care of what is already there, to maintain or even improve the quality standards.

Is the brand only available in Switzerland or is it also available abroad?

Gilbert de Montsalvat is already available in some countries such as Germany, Austria, Great Britain, the Czech Republic, Hungary and Japan. We have just received an order from Malaysia and Cambodia.

How is the distribution going in retail?

That is different. You have to adapt from country to country. We have a local importer for each. With this we plan introductions, events and trade fairs as well as promotional tours. Gilbert de Montsalvat is a classic boutique brand and is sold exclusively through specialist retailers.

Is delivery capability ensured or are there bottlenecks?

Unfortunately, we were not spared, although we got away with it with a dark blue eye. Nicaragua was very difficult at the beginning, but then overcame the adversities relatively quickly. On our part, we have increased production volumes and shipped the goods to Europe. Fortunately, years ago I set up my own European warehouse in Weil am Rhein. I wanted to temporarily store my goods 6-12 months after production. Usually the cigars are still too fresh after production and we wanted the cigars to be 100% ready for the market when they arrived at the dealer. When the COVID measures were introduced in March of last year, we still had around 6 months. At the end of March it was already sold out and we were temporarily out of stocks. I think that you only felt this sporadically in the trade, as the various importers also have stocks and thus the situation was somewhat cushioned.

How do you compensate for the currently missing tastings?

In my opinion, such tastings cannot be compensated for. Whether via video conference or other makeshift, emotions play an important role in our industry and they can never be conveyed as they are in real life.

Does social media play a major role in marketing?

Now you've caught me on the wrong foot! For me, social media is a book with seven seals. FB banned me about 18 months ago for reasons I didn't mention. Since then I have lived quite well without it. I am aware that social media in the USA and probably in other countries as well, but also for other products, can have a large or even very large influence. When it comes to cigars, I'm there, but not so sure about the markets in which I am active with my brand. This is more likely to be the case for cigars of the New World than for Cuban cigars. The reason for this is that the consumers in these two provenances differ greatly in age. As a final answer, I have to admit - I don't know.

A few kilometers from Lugano, near the Angno airport, is the Golf Club Lugano, the routing of which was originally designed by the well-known golf architect Donald Harradine. Since 1992, the routing has been under the direction of the golf architect Cabell B. The course offers a change between long lanes, which require a powerful game, and shorter and narrow lanes, which require a more precise game. The greens are surrounded by natural and man-made obstacles throughout.

In 1956 the Circolo Golf Torino moved from „La Maddalena“ to „La Mandria“. The hilly site, albeit with nine holes located within a pleasant framework, has been for some time close to the members. Giovanni Nasi, former President, his wife Marinella and the Council have long since found the land on which to move. The architect John Morrison builds the new eighteen holes and the entrepreneur Attilio Biral erects the first club-house. The new Circle is beautiful, full of trees, vegetation and water. There are no houses and everything is based on golf. However, there are some objective difficulties of management, created by the limited number of members. It will be the Piemonte Sport, in 1977, thanks to Sergio Pininfarina to solve the problem and to permanently allow the Club to grow. The birth of Piemonte Sport allows you to find yourself with a considerable financial availability that in a first time will serve to fill the field and to better manage the workforce and then subsequently lead to the purchase of the land.

G.C.Biella – Le Betulle, founded in 1958, has in the golf course, framed in a landscape of rare beauty, its strongest point. Over many years G.C. The course, designed by British architect John Morrison, is a typical example, rarely found this country, of "English style" layout, very "environment-friendly". Silver birches, chestnut trees and centuries old oaks frame the eighteen holes with colourful backdrops that change with each season. Practice facilities are available, consisting of two practice putting greens, a practice hole complete with bunkers, chipping and pitching greens and a driving range with grass tees and sheltered practice boxes.

Inside the Club House, the simple but refined furnishing and wooden flooring pierced by spiked shoes give a feeling of warmth. The Lodge, aesthetically delightful, offers very comfortable rooms with old style furnishing, perfectly in sintony with the Club House.

The Golf Club Castelconturbia was founded in 1898 in Piedmont and was one of only 2 existing golf courses in Italy. The famous American architect Robert Trent Jones senior designed and built the modern 27 - hole (3x9). In perfect harmony between old trees, streams, lakes and hilly terrain this is in his opinion his most successful work. The three paths lead to the terrace of the clubhouse, a fantastic place to relax and enjoy with a wonderful view of Monte Rosa. ITALIAN WOOD PUTTERS

100% ARTISAN MADE
ONLY THE BEST WOODS
COMPLETELY CUSTOMIZABLE
HANDMADE IN ITALY

HARDWOOD PUTTERS was born in Italy from the idea of joining the world of golf with design carpentry. Specifically, the intention is to create a range of putters that are not only functional and in line with the specific R & A and USGA, but also small objects of art. The materials used are of the highest quality and the very special weight distribution, combined with a deliberately vintage design, guarantee the customer to have in his hands a unique and extremely effective product on the green. Wood, in Hardwood Putters, is therefore not only synonymous with nature, history and return to the past, but also and above all of effectiveness.

WHY CHOOSE HARDWOOD PUTTERS:

- **Innovative technology**
- The wood provides a **softer impact** on the ball and greater control of the trajectory.
- The **greater lightness** of the wood compared to the metal allows a greater freedom in the distribution of weight, and to act in such a significant way on the overall balancing of the head. All this allows to increase the hot spot from a few millimeters of a normal putter to over

2 cm wide, forgiving in part the error.

- **A tailored suit**

It is not the customer who has to adapt but, on the contrary, it will be the customer to choose all the features he wants his putters. A custom-made suit, therefore, from the type of shaft, to the weight, to the woods used, to the inlays, etc.

- **Each putter is a unique piece**

Great care for every detail and request give the opportunity to have in your hands a unique and exclusive product.

- **It is completely handmade in Italy**

Our philosophy is to give the customer the best, and do it without compromise. The product is therefore made entirely by hand in every phase, without the aid of numerical control machines. An artisanal product in the true sense of the term.

- **An unmatched look**

The solid wood used comes from all over the world and gives the putter a unique appearance and an inimitable color.

LE MIRAZUR

At the foot of the mountains overlooking the sea, a stone's throw from Italian border post, the 1930s-era rotunda building housing the Mirazur enjoys an idyllic setting.

It spreads over three levels on the hillside, surrounded by lush vegetation. The elegant, spacious and light-drenched dining room commands a panoramic view of the sea and the town of Menton through the large windows running all the way around.

MAURO COLAGRECO

Through his personal interpretations of ingredients and flavour combinations, Mauro Colagreco has forged a style of his own.

He has absorbed his Italian-Argentinian cultural heritage and that of the chefs with whom he trained, and now follows his intuition as he draws on the local culture on both sides of the border.

Inspired by the sea, the mountains and the fruit and vegetables grown in his own gardens, Mauro invents colourful, pictorial dishes that play with textures and bold contrasts.

3KAY

Curious, creative, and a perfectionist personality, 3kay «kay» is a self-made artist who has been interested in photography since a young age. 3kay settled in France where his courage and talent allowed him to explode. He then exhibited in the first banks in Zurich and non-standard cultural sites (Basel, France and Meer, Wollerau, Istanbul).

As an ambassador of modern times, the genius finds the inspiration in this new environment in which it grows. The artist's provocative and striking universe is an expression of the imagination aimed at actively disturbing their minds.

In 2017, 3kay managed to condemn serious causes by conveying important messages with a series of artworks such as «Art Baselia», «Pratteln Cultural Center», «Leymen Folk» or «Hain Cok». Each new series is a difficult and daring challenge as it flouts immorality by making it attractive to the eyes and thus reaching a wide audience. He chooses the soft method with beautiful rather than violent images to influence people's minds. It illuminates the immorality of this world with aesthetics, gently but deeply winning hearts and minds.

An atypical and fearless artist, 3kay

does not hesitate to emphasize the hypocrisy of denial, which is sometimes quite sharp and worthless. Very eye-catching colors, a fun staging method and her direct signature point to the works of 3kay. The artist pays attention to the smallest details and attaches great importance to symmetry, perspective and the balance of different elements in his works.

He has signed many "Label" works including "Stars in the Damn Dinner" which is very famous among his famous works. His art meets in various paintings, artistic concepts as well as football players. Get to know him, follow his creations and remember - no doubt you will love the special art of 3kay.
